DR. BRENNEMAN SPEAKS

The Indianapolis Star carries a news article that Dr. William R. Brenneman, '30, now professor of zoology at Indiana University, spoke at the 29th annual state meeting of Acacia Fraternity on Saturday, March 18, at the Claypool Hotel. Dr. Brenneman was a high honor student at Central, graduating in three and half years, with a major in the Department of Zoology, where he was a student assistant. He was a regular attendant at church, Sunday School, YMCA, and Christian Endeavor, and a participant throughout his college years in 3 major sports, winning letters in each. He was also a regular visitor at New Hall where lived Mary Alice Petty, who soon after graduating became Mrs. Brenneman. The Brennemans now have three children, Billie, Bruce, and Miriam, all in high school. Immediately after leaving Central, Mr. Brenneman earned a doctor's degree at Indiana University. He was the first man to receive from I.U. the National Research Foundation Fellowship and went immediately to Wisconsin University where he chose to work under Dr. Hisaw. Then he taught for one year at Miami University. Receiving a five-year grant from the Waterman Foundation he went back to I.U. for research work in endocrinology with chickens as the medium. In this field he has received both national and international recognition. In connection with his research work at I.U. he is also lecturer and professor of zoology. He has been chairman of the Athletic Committee for a number of years and has done much work with the Boy Scouts of Bloomington. He has won the Brown Derby Award which is given to the most popular professor on the campus of I.U.

GREYHOUNDS FINISH SEASON

Indiana Central Greyhound basketeers finished their regular season with the very commendable record of 17 wins, 8 losses.

A heart-breaking double overtime loss to Hanover forced the Greyhound net men to finish in second place in the Hoosier Conference, after they had held the lead for practically the entire season.

Swails and McBride continued to burn up the nets, and finished in high position among the State scoring leaders. Swails, with 462 points, finished second in the State, and McBride, with 420 points, finished in fourth position.

HIGH SCHOOL DAY

Monday, April 17, has been designated as High School Day. Last year nearly one thousand high school juniors and seniors visited I.C.C. under the guidance of interested pastors, teachers, and friends. This occasion offers the opportunity to show I.C.C. to interested high school students. All alumni who can possibly do so should take an active part in helping to make this the biggest High School Day ever.

The ballot for the officers for next year is now being prepared and will soon reach each voting member. As an interested I.C.C. alumnus it is your duty to cast your ballot for the organizations' officers.

WE NEED STUDENTS

Recently a college president was asked, "How many students do you have at your college?" To this he replied, "about one in fifty."

I.C.C. is looking for students in September. We want to have the largest and finest freshman class in our history. This is a real challenge because we have had some very fine classes. But we will graduate the largest class in our history in June and we must have the largest entering class in September to fill the ranks.

We have set 225 as our minimum goal. This will not be easy to achieve, but it can be accomplished if we all do our best. Of course, we are depending on the Alumni for assistance. You will want to recommend Central strongly to the finest High School seniors you know. It would be an excellent thing to bring them to the campus for a visit. You could renew acquaintances while they make new ones.

We want to contact the young people of your community. If there are prospective students in whom you are particularly interested, send their names and addresses to Sherman Cravens, Director of Student Enlistment at the college. We will get in touch with them and do our best to enroll them at Central. With your help we can reach our goal.

I. LYND ESCH
Pres. I.C.C.

INDIANA CENTRAL WINS THIRD IN NAIB ELIMINATION TOURNAMENT

The Indiana Central Greyhounds, because of their fine season record, were voted one of the four teams to participate in the National Association of Intercollegiate Basketball playoff tournament at Indiana State gymnasium. Other teams selected were Evansville, Indiana State, and Hanover.

Indiana Central drew Evansville for their first opponent, and succumbed to the latter's fast break by the score of 90 to 81. In the Consolation Game, the Greyhounds edged out the Hoosier Conference Championship Hanover team by a score of 74 to 71.

Dear Alumni Members:

Tempus Fugit! In just about sixty days we will be coming together for our annual meeting on the campus. Saturday, June 3, is the date, and we hope many new members can plan now to attend the festivities of that date.

Classes of 1945, 1940, 1935, etc., will be especially holding reunions at noon hours. A baseball game in the afternoon, then the dinner, program, and business meeting for all Alumni Association members in the evening.

The nominating committee will soon have the ballot ready to mail to all eligible voters for next years officers—to begin service at the close of the day on June 3.

All Life Members plus all others with dues paid up for this year are eligible to cast their votes. Please exercise your right and return your marked ballots as soon as you receive them.

More and more alumni are needed to become Life Members or dues-paying, active members in order to strengthen our Association so we can carry out our responsibilities to our Alma Mater.

The future of Indiana Central is vitally important to all of us, as well as to the young people of our church and the future of our nation. The challenge is for more loyalty, more support both financially and with students, and constant prayers by all of us.

Let us each one resolve to do our share. See you June 3!

Gordon France, '33
President, Alumni Association

**GREYHOUNDS DRUB ALUMNI, 93 to 58**

A group of alums, some of them slightly pot-bellied, found out early in the annual Varsity-Alumni clash that some of the finer points of the game had almost entirely escaped them as they withered under the fast break of the Greyhound varsity men to the tune of 93 to 58.

Among the Alumni making an appearance were such former stars as Swank, high point man for the Alumni, Howe, Kistler, Spangler, Owens, Perry, Dorton, Fisher, Brenneman, Baker, Harner, Nicodemus, Wilson, and Manley.
