INDIANAPOLIS LOOKS SOUTH

Under the above title the Development Office of the college has conducted a number of well planned guided tours of the college campus and the entire south side. Approximately five hundred business and professional people from all parts of the city have enjoyed these tours.

The tours are designed to acquaint the people of the city with the campus and work of the college and with the rapidly growing south side area. Most of our guests are amazed at the development which is taking place. Some of the finest residential subdivisions in the entire Indianapolis area are growing up right in our own back yard. Only persons who have made an extended survey of this section within the past year can realize to what extent fine homes, schools, and churches are being constructed. Indiana Central's location in the heart of this vast new community greatly enlarges her future prospects.

HELLO ALUMNI--

At this Thanksgiving Season we should all be especially grateful for the continuing good work of our Alma Mater.

It should not be just this one time during the year that we give thanks to God for our school, our president, faculty and students.

One of the most important things we, as loyal alumni, can do is to daily give our thanks to God and to pray for Our College.

Can we do less?

Best Wishes of the Season,

Gordon France, President
Alumni Association

We appreciate the news which has come in and not been published because of lack of space. It will be published in the next issue. Keep sending it in!

DR. HORACE WARD MARSHALL

Just as the last issue of the NEWS went to press came the news of the death of a former professor of Indiana Central. Dr. Horace Ward Marshall came to I.C. in 1912. He became head of the Education Department in 1920. Before coming to Central he had been a teacher in a one-room school in Henry County, head of the history department in the New Castle Schools, principal of Broad Ripple High School in Indianapolis, and later Superintendent of schools at Greenwood, Ind. He was acting assistant professor of Education at I.U. in 1926-27. He was a graduate of Ind. State Normal, Earlham, and Indiana University. He became head of the Education Department at New Mexico Normal at Las Vegas, when he left Central in 1929. He was dean from 1930 to his retirement in 1942. At the time of his death he was living at Rochester, Ind., where his daughter Mary is librarian in the High School. Besides the daughter he is survived by his widow, her sons C. Donald of Inglewood, Calif., and Justin E. of Indianapolis. All his children are alumni of Central.

While here he was instrumental in establishing credit for the institution with the Teachers Training Division of the State Board of Education, a contact which still stands as an honor to his efforts. Alumni and students of his day recall his scholarly and wise counsel. His enthusiasm for good teachers and good schools never waned and to the last he was interested in that field.

GOOD DAYS

Both Homecoming and High School Days were great successes this year. The weatherman cooperated most satisfactorily, though the wind was a bit chilly on the latter day. Almost as many alumni were present on High School Day as on Homecoming Day. The student body and faculty were glad to see the alumni and we believe the alumni enjoyed greeting each other.
SECOND GENERATION STUDENTS

The list of second generation students is especially interesting this year because of the number of families who have two children in college. These are Eloise and Betty, daughters of Paul and Margaret Haworth Bilby; Arthur and William, sons of Morton Bright; Margaret and Mayme, daughters of Walter and Mina Faris Ewert; Joyce and Ann, daughters of Clarence Liechty; Lerca and Rosalie, children of Lorin and Virga Rapp; John and Charles Sharp, sons of John and Gladys Petty Sharp; and Elaine and Lois, daughters of Amos and Veva Dunbar Williams.

Those who come singly from alumni homes are Leland, son of Landron Brett; Jane Ann, daughter of Orville and Gladys Rice Coake; Richard, son of Wilfred Chambers Curts; Joanne, daughter of Fred L. Dennis; Herman, son of A. L. Emmert; Hope, daughter of C. C. Fruth; Betty, daughter of Robert Gehlbach; Ronald, son of Carl and Nellie Totten Hauswald; Paul, Jr., son of Paul Hotteil, Sr.; Carolyn Jones, daughter of Kathryn Thornbrough; Dixie, daughter of Amza and Alice Faye Waltz Key; Donald, Jr., son of Donald and Beatrice Young Klinger; Lowell, son of K. K. and Mary Woodward Merryman; Judith, daughter of Dr. W.P. Morgan; Wesley, son of D. H. Pellett; John, son of Forrest and Margaret Parsons Reed; Betty, daughter of Harold Sachmire; Robert, son of Edna Turley Sharp; Lois, daughter of Elma Smith; Donna, daughter of Claude Turley; Roy, son of Dr. Roy Turley; Ward, son of Leon and Ruth Jacobs Vass; William, son of Willbur and Marie Crick York; Martha, daughter of Vesta Richert Cohoe; and Haldon, son of Zella Turner Cole.

Of the above, Richard Curts is of the 3rd generation, being the grandson of the Rev. Bert E. Chambers, x-14.

1952 ALUMNI DAY

It is time now to begin thinking of Alumni Day of 1952, which because of a shift in the calendar falls this year on June 7. The classes of 1912, '17, '22, '27, '32, '37, '42, and '47 are due for a reunion. It is hoped that a large per cent of each of these classes will be present on Alumni Day, for it is the experience of the "old grads" who regularly return for reunions that no other experience is so heart warming. Any member of these classes who desires a list of names and addresses may have such a list by sending a card of request to the alumni office.

A LETTER TO ALL ALUMNI

It is hoped that each alumnus and former student who reads this letter will consider that it is addressed to him personally. It concerns your membership in the alumni association. According to your constitution all who have graduated from the four-year or two-year course of Indiana Central are considered members of the alumni association. In addition, all former students automatically become members when their class has been graduated. Also, according to the constitution, the dues for life membership is ten dollars. Since the opening of the college year in September dues from alumni have been coming to the alumni office at a better rate than usual, but not well enough. As stated in the October 1 issue of the NEWS, a report will be made in the third issue. Will you as soon as possible, if you do not now have a certificate of life membership, send in your dues in order that your class rating may be good in this report?

Since beginning in the fall of '48, every student paid at registration time a dollar and a quarter of his life membership dues in the Alumni Association, the members of the class of '49 still owe $7.50, the class of '50 owe $5.00 and the class of '51 only $2.50. The class of 1952, with a few exceptions, will have paid all their life membership dues at the time of graduation and will be given a certificate of life membership at that time. May we have a flood of checks coming to the office between the reading of this letter and the first of the year?

ALUMNI LUNCHEON

The annual fall luncheon of the I.C.C. Alumni was held in the Gold Room of the Hotel Washington on Friday of Teachers Association. The food was good, as promised. Not so many as in some previous years were present, but the spirit was unusually good. Some faces that had not been seen for years were seen this time. Music was furnished by the college string trio. The speeches were short and excellent. Some listeners expressed a wish that Dr. Carmony might have talked longer. He illustrated the statement of Shakespeare that "Brevity is the soul of wit," and said much in a few minutes.

All I.C.C. alumni who are teachers and attend the Convention at Indianapolis should plan now to attend this luncheon next year. Notice will be given in the Association program and in the ALUMNI NEWS. It is like-
ly that notice will not be sent by postal card another year. Considering the cost of sending out the cards this year and the number of reservations in response, each reservation cost the Alumni Association about thirty-five cents. Too much.

IN MEMORIAM

On October 19 Scott Luther Eberhardt, '44, who was teaching music and English at School 37 in Indianapolis, became ill and was taken to his home, where he died a short time later. After being graduated from Indiana Central he taught for a number of years in Tennessee before returning to the Indianapolis schools. Scott was an only child and was brought early to Indianapolis. ATHLETICS

With the fall sports, football and cross country, completed, Indiana Central and Hanover are tied at 25 points each in the All Conference sports race. At the same time last year, Central was 9 points behind Hanover, but went on to win the All Sports trophy. It seems as if we have a good chance to win the trophy again this year.

The football squad climaxed their season as they downed Manchester College 19-0 and clinched second place in the tight Hoosier Conference. Joe Hurrle, Bill Crowe, and Dave Shaw scored the Greyhound's touchdowns with Abe Carter adding the extra point.

The gridders finished with a 5-3 record, the best since Central won the Conference title in 1947. They had but 57 points scored against them to have one of the best defensive records in the state.

Not to be overlooked is the Cross Country team which successfully defended their Conference title. Taylor finished 20 points behind the Greyhounds, and Hanover finished fourth.

The Harriers showed amazing balance as all five members of the team placed in the top twelve. Even more amazing is the fact that only 32 seconds separated Lem Mills, sixth, and Joe Butterworth, twelfth, in finishing the four-mile course. Other Central men scoring were Tom Hathaway, eighth, Roy Turley, ninth, and J. C. White, tenth.

The CC squad was again coached by Jack Rice, who has been able to bring home the championship two out of the three years he has headed the squad.
