A MESSAGE FROM THE PRESIDENT

The spring push is on! Everything is bursting forth with new life and ICC is no exception. At a kick-off dinner on April 20, more than 75 people assembled in the dining hall to receive inspiration and instruction for the spring drive for funds for Academic Hall. Between now and the June Commencement loyal citizens of Indianapolis, students, alumni, trustees and faculty will be concentrating on this effort to add at least $100,000 more to this fund.

The Alumni program for the memorial chairs has not yet gotten into high gear. A few of the faithful ones upon whom you can always count have come through. The vast majority are still procrastinating. Now is the time for action. All of the other groups working on this program look to the loyal alumni to set the pace. Every graduate and former student should determine the most generous pledge that it is possible to make and make that pledge before June 8. Dollars pledged now do double duty because they inspire others. The earlier a pledge is received the more valuable it is because it can be used to stimulate other gifts. Payments can be over three years. Even though you may not be in position to send any cash with the pledge at this time, your pledge should be sent immediately. It can be over three years. Even though you may not permit the amount of the pledge to go to the college. All of the Alumni program for the memorial chairs has not yet gotten into high gear. BEQUEST TO THE COLLEGE

An estate whose net value is estimated at $40,000 has been bequeathed to Indiana Central College, Indianapolis.

The bequest was made by Elnora G. Nelson, a 76-year-old widow of West Lafayette, Ind., who died March 31. Except for a $100 personal gift, her will provided that the remainder of her estate go to the college.

The estate includes an eight-room house, with furnishings, in West Lafayette and a 140-acre farm, with farmhouse, in Tippecanoe County.

Mrs. Nelson's will placed no restrictions on how the property or its proceeds should be used by the college. The will was dated August 24, 1948, and was filed for probate April 3, 1954.

Mrs. Nelson was a member of Grace Evangelical United Brethren Church in Lafayette. The EUB Church sponsors Indiana Central College.

CONSTRUCTION STARTED ON APARTMENTS

About a month ago construction was begun on six buildings to consist of 58 apartment units at the edge of the campus in the 3700 block of Shelby St. The apartment center is expected to be completed by the end of 1954. The construction is another major move in the development of a large tract of land owned by the college. The first step in the business development program of the college, designed to produce needed income for the school, was the establishment of a gasoline filling station. It is just south of the apartment center.

The second stage was building of the recently-opened bowling alley across the street. The third, also in the construction stage now, is the building to be used by Armour and Co., as its Indianapolis sales office and distributing center. It is between the Pennsylvania Railroad tracks and Madison Ave., north of Hanna Avenue.

These properties are being leased to private enterprises for use and operation.

ATTENTION: CLASSES OF '14, '19, '24, '29, '34, '39 '44 and '49

Are your plans in the making for coming back to the campus on Alumni Day, June 12? Have you engaged a baby sitter if necessary? Of course, you will want your quota of chairs for the auditorium of the new Academic Hall to be provided for by that date. Now is a good time to send in your pledge.

FORMER COLLEGE PRESIDENT AND LOCAL MINISTER WILL SPEAK

Dr. Donald J. Cowling, former president of Carleton College, Northfield, Minnesota, will speak June 13 at the 49th commencement exercises of Indiana Central College. Dr. Cowling retired from the college presidency after 36 years, to become chairman of the Committee of Founders of the Mayo Memorial, Rochester, Minnesota.

Commencement exercises will be held at 6 o'clock, outdoors on the west lawn if the weather permits.

Dr. Robert Pierce, pastor of the Indianapolis Broadway Methodist Church, will preach the baccalaureate sermon at 11 a.m. in the new University Heights EUB Church. Dr. Pierce is a popular and brilliant preacher, who finds it necessary to hold three services on Sunday morning to accommodate the members of his church.

Only those classes that have sent in subscriptions are listed in the above report. 43 classes are listed above. We want to hear from the others before Commencement.

TO ALL ALUMNI AND FORMER STUDENTS

The College hopes you will make your own pledge by Commencement. Do you have a friend, or is there a corporation, that might make a contribution? Any contributions turned in by alumni and former students will count for the class that sends them.

A CAUSE FOR CONCERN

You will note from the following report of the Alumni Fund, by months, that we gained each month up to March, and that there has been a decline since March. Unless we can reverse this trend, we will not reach our goal of $25,000 in subscriptions by Commencement.

OUR SHARE IN THE FUTURE OF ICC

Loyal Christians in the past invested in the future; therefore, there was an Indiana Central for us to attend. I am sure that many alumni are planning to share in the giving for the new administration building, but have neglected to send in your pledge. If you have not made your pledge, it is urgent that you do this at once.

Many find people who are not alumni of our school are giving freely of their time, talent and money to help with the campaign, and surely the alumni will do as much. When the alumni have done their share, we can go to others and ask for help.

This year the following classes are having reunions: '09, '14, '19, '24, '29, '34, '39, '44, '49. Which of these classes will have reached the goal set up for them by commencement time? Are not the members of your class prosperous citizens of their community? I am sure they are. Let's see which class has been the most generous.

On Alumni Day we will have an honor roll with the names of alumni who are doing loyalty giving to help in this campaign.

You will see by other information in this bulletin that the college is making progress, and you will want to help in making future progress possible.

Talk with your classmates; plan to give and encourage them to help put your class over the top by Commencement.

Do not delay your giving—do it now. Let's make this the best Alumni Day that we have ever had; plan now to come.

Sincerely,
Blanche Penrod, Pres.
