Blanche Penrod  
President ISTA

The highest honor that can be bestowed on a Hoosier teacher has come to Blanche Penrod, that of being elected to the presidency of the Indiana State Teachers Association during its convention in Indianapolis October 23-24.

Blanche has been teacher of biology and dean of girls at Southport High School since her graduation from Indiana Central in 1926. She earned her master's degree in the field of zoology from Indiana University in 1936. She was president of the Indiana Central College Alumni Association from 1952 to 1958, during which time she was untiring and inspirational in her efforts among the alumni to raise funds for the building of Academic Hall.

We Dedicate Again

Indiana Central College will dedicate its second new building on January 19, 1960. The pre-dedication exercises for the new Physical Education Building will be held in the Academic Hall auditorium at 9:30 a.m. At this time the honorary degree of Doctor of Laws will be conferred on two of Central's notable former basketball players and coaches, Harry C. Good, '25, and Ray P. Crowe, '38.

The dedication will take place in the new building between halves of the basketball game with Hanover, which will be called at 8:00 p.m. This will be the first game played in the new building, which has 4,000 permanent seats with 2,000 temporary seats.

Throughout the years she has been a faithful and untiring member of the University Heights EUB Church. Every Sunday morning she attends worship service, following which she teaches the Business and Professional Women's Sunday School class. For years she sang regularly in the choir. She is a member of various church committees and chairman of some.

We know she will serve the Teachers Association as faithfully and effectively as she has served other organizations. We are proud of her.

First Artist Series

A Huge Success

Arnold Moss and his Shakespeare Festival Players gave a delightful performance of "The Tempest" in the Academic Hall auditorium on November 11.

To quote Walter Whitworth, drama critic of the Indianapolis News: "The production was simplicity itself. On the stage were three or four platforms, which were never rearranged. There was for backdrop the auditorium's cyclorama. That was all except for some strikingly effective lighting...."

"The group of nine players created all the necessary allusions. Each one knew his business. Consequently, the audience could concentrate on the player, on his characterization, on his manner of reading lines, and on his amplifying gesture...."

"Last night proved that Shakespeare can be thoroughly entertaining in case anyone believes he is only forbiddingly austere."

Because this is the only offering of Shakespeare in Indianapolis this season, we feel a bit sorry for those who missed this very pleasing evening's entertainment. We hope those in charge of the Artist Series will bring us another evening of Shakespeare next season.

Why Haven't You?

Why haven't you sent in a check for your life membership fee? Judging from the notes that accompany several checks that have come to this office the answer to the above question is 'Simple neglect.' These notes nearly all read, "I should have sent this check long ago, but I just neglected it."

We do appreciate the many checks that have come in, for they are the only means of supporting the Alumni association, and we hope many more will come in before December 31. The letter you received from the president and the executive secretary of the Alumni Association stated that the alumni in their business meeting in June voted to raise the alumni life membership dues to $20 after January 1, 1960. The current day students are now paying $2.50 each semester toward their life memberships. Of the 1517 four-year alumni who graduated before 1952 nearly 40% have paid their life membership dues. Practically all who graduated in the last eight years have paid their dues, the few exceptions being the transfer students. Of the 663 two-year graduates 41.2% have paid such dues. Of the thousands of former students who did not graduate a pleasing, though small, number have paid dues. All former students are considered as alumni and are on the mailing list the same as those who have graduated.

Varsity Wins

The first ICC basketball game of the 1959-60 season was played Monday night, Nov. 23, between the varsity, coached by Nick, and the alumni, coached by Ray Crowe, assisted by Everett Swank. And what a game it was! Good sport and good fun! And good referees, Harry Spurgin and Bob Robison both of Brownstown, Indiana. Nick used a good number of his squad, and Crowe changed his men so often that the spectators were confused as to who were playing and who were not.

The varsity sneaked by 115 to 69, but they had to work for their score. The alumni who played were Dave Curtis, Marvin Knoop, Rich Reasoner, Larry Gardner, Henry Sommers, Don Stevenson, Jay Windell, Bill Pickard, Jim Lucas, Don Thomas, Dick Theil, George Grosskopf, Larry Hanni, Bob Jewell, Bob Theil, Bill Green, George Marshall, Wendell Baker, Art Targgart, and Marion Burleson, Dick Schrier, Dave Bertram and Lee Perry.

Those who missed this game missed a delightful evening.
