Lilly Science Hall Name Chosen for ICC's Newest Building

The newest building on the Indiana Central College campus will be named the Lilly Science hall. President Esch explained that the name was chosen in recognition of the substantial support the Lilly Endowment, Inc., of Indianapolis has given to Indiana Central's building program and other causes.

Lilly Science Hall will be dedicated February 22 with a ceremony in Ransburg Auditorium at 10:30 a.m. This will be open to the public and will be followed by an invitational luncheon. The building will be open to visitors from noon to 4 p.m.

The dedication speaker will be Dr. Henry Eyring, dean of the graduate school of the University of Utah and president of the American Chemical Society.

The new four-floor building contains all necessary facilities for the departments of biology, chemistry, physics, home economics, and psychology. The removal of these five departments from the other buildings will permit other departments to expand into the vacated space.

The Noblitt Astronomical Observatory will be transferred from the southeast corner of the campus to the pent house of Lilly Science Hall.

Formal use of the new building began January 30 with the start of the second semester.

Three special convocations with outstanding speakers in the realm of science are being arranged for February 17, 19, and 21 to be held in

(Continued on Page 2)
Ransburg Auditorium at 9:35 a.m. The public is invited to join the student body and faculty for these addresses.

Dr. Edward L. Haenish of Wabash College, president of the Indiana Academy of Science, will speak at the opening convocation Monday on the subject "Modern Science Education."

"The 20th Century View of the Universe" will be presented Wednesday by Dr. Harry E. Crull, director of the Holcomb Observatory and professor of mathematics at Butler University.

The Friday speaker will be Dr. William Raymond Brennan, Indiana University biology professor and text book author. He was graduated from Indiana Central in 1930 and his alma mater awarded him an honorary doctorate in 1962.

Four leaders in science will receive honorary degrees at the dedication ceremony.

Eugene Beasley, president of Eli Lilly Company, Indianapolis Pharmaceutical manufacturing firm, will receive the degree of doctor of humanities from President I. Lynd Esch.

The degree of doctor of laws will be conferred upon three men. One is Dr. Henry Eyring, speaker of the day.

The two others are Dr. Robert B. Forney, a toxologist with the Indiana University Medical Center, and Lowell H. Good of Somerville, New Jersey. Good received a bachelor of science in 1932 from Indiana Central College and master of arts in physics from I.U. in 1933. His father, Dr. I. J. Good, was president of the college from 1915 to 1944. Good is Director, Engineering Utilization, Radio Corporation of America, with office in Princeton, New Jersey.

Dr. Weidler Dies

Dr. D. E. Weidler, former professor of Education at Indiana Central College from 1928 to 1937, died December 8, 1963, at York General Hospital, York, Nebraska, where he was admitted November 28.

Dr. Weidler had lived in York since 1938, when he was named York College President. He resigned as college president on September 1, 1947. He was elected president emeritus and continued as head of the department of education until the college closed at the end of 1953 school year. He then spent two terms on the faculty of Westmar College, LaMars, Iowa, retiring in 1955.

Born November 10, 1885, in a United Brethren parsonage in Hampshire, Pennsylvania, he was educated in various public schools where his father served pastorates. He earned degrees from Lebanon Valley College and Columbia University.

After serving one three-year term at Freetown, Sierra Leone, West Africa, Dr. Weidler returned to the states. After meeting and marrying Audrey P. Poling of Anderson, Indiana, he returned with his bride to Africa for another two terms in Sierra Leone.

Dr. Weidler was principal of Anderson High School for five years before coming to Indiana Central.

Funeral services were conducted from the Evangelical United Brethren Church of York, Nebraska, with interment in the West Maple Wood Cemetery, Anderson, Indiana.

Surviving Dr. Weidler besides the widow is one daughter, Mrs. Ed. Hibbard, of Atlanta, Georgia, and three grandchildren; one brother and one sister.

Alumna Joins Nursing Faculty

Miss Pauline Joyce Milhouse, '61, of Kansas City, Missouri, has been named instructor in nursing in the Nursing Department of Indiana Central, effective January 13, 1964.

Miss Milhouse is the daughter of the Rev. Paul W. Milhouse '32, Bishop of the Southwestern Area of the Evangelical United Brethren Church, and Frances Noblit Milhouse, N31. While in college she majored in biology and nursing and earned a place on the Dean's List and on Who's Who in American Colleges and Universities. She is a member of the American Nurses' Association.

She has done general duty at St. Francis Hospital, Beech Grove, and for more than a year has been Health Extension Nurse at Espanola Hospital, Espanola, New Mexico. She is a member of the EUB Church.

Her brother, Paul David, '63, is a student at Chicago University and her sister Mary, '56, is the wife of Ronald Hauswald, D.D.S., x54, of New Albany, Indiana.
A Paradox

It seems a paradox that one reads or hears that the more students attend a college the more financial help the college needs. Yet this is true because no student of the ordinary private institution pays the full cost of his education.

The full cost of a college education would be prohibitive to all except the family of wealth. In the ordinary college the student pays approximately 60% of the cost of his education. (This is aside from the cost of room and board, for which he usually pays in full.) Indiana Central is in line with other colleges; that is, the tuition fee is 60% of the cost of his education. This means that next year the student or his parent will pay $850, the required tuition. But friends, the church, the alumni, or some other source must furnish $560.

For this reason the college greatly appreciates all those alumni who contribute to the Annual Roll Call. We do thank you.

**AUB Bishop Elected to Highest Position**

The **ALUMNI NEWS** is proud to announce to its readers that the Evangelical United Brethren Church's senior bishop has been elected to the presidency of the National Council of Churches, the highest position in Protestantism. He was installed as president at the triennial meeting of the Council in Philadelphia, December 7.

Bishop Mueller was honored at a dinner given at the Indianapolis Second Presbyterian Church January 17 attended by 600 churchmen of all denominations over the state.

He was educated in North Central College and the Evangelical Theological Seminary at Naperville and has received honorary degrees from Westmar College, North Central College, Indiana Central College, and Tokyo Union Theological Seminary. After serving pastorates in Minnesota and Indiana Conferences, he was elected to various offices in the Evangelical and Evangelical United Brethren Churches as well as to offices of the World Council of Churches and the National Council of Churches.

Since 1954 Bishop Mueller has been episcopal head of the West Central area of the Evangelical United Brethren Church and with his wife lives in University Heights in the episcopal manse across Castle Avenue from Nelson House, the home of President Esch. They are members of University Heights EUB Church.

Alumni Day

Alumni Day this year, 1964, falls on Saturday, June 6. Circle that date now. We want all of you to return. And especially do we expect the members of the classes of 1914, 1919, 1924, 1929, 1934, 1939, 1944, 1949, 1954, and 1959.

How many of you two-year Normal graduates have seen, since you left the college, those other graduates with whom you spent two happy years in the dormitory and in the class room? Why don't you plan for a reunion?

Fawcett Commissioned

DeLane S. Fawcett, '63, has been commissioned a second lieutenant in the United States Air Force upon graduation from Officer Training School at Lackland AFB, Texas.

Lieutenant Fawcett was selected for the training course through competitive examinations with other college graduates. He is being assigned to Chanute AFB, Illinois, to attend a course for aircraft maintenance officers.

Science Students “On the Move”

Thursday, January 16, was M-Day at Indiana Central. Two hundred students, mostly science majors and minors, were excused from classes to move laboratory and class paraphernalia, scientific exhibits, files and other items from the class rooms and labs in the college's oldest building into its newest.

It was the students themselves who proposed to the administration and faculty—even insisted—that they be allowed to take complete charge of the welcome move from the old quarters in the Administration Building into the new Lilly Science Hall, which goes into use at the beginning of the second semester.

Dr. Robert Brooker, Chairman of the Division of Science and Mathematics, said, “Science faculty members will not be giving orders; they won't even be allowed to interfere with the student movers.”

Tom Short, an Indianapolis Senior, had charge of the operation, assisted by Bill Patton, also an Indianapolis senior; Jim Reber, Dayton, Ohio, Junior; and Sue Marquis Stine, Indianapolis Junior.

Each science department had its own crew of students carrying out their assigned duties.

Excerpt From Letter

The following is an excerpt from a letter written by Marjorie Shaffer, x44, on December 19, 1963:

"Thank you for sending the address of Dean Miller. We are on the same island (one of the Philippines) but far apart. I plan to visit the rice terraces in that area in February.

"Our Christmas vacation begins tomorrow. I plan to visit India.

"Three of us just returned this week after 11 days in Saigon, Viet Nam, conducting a reading workshop. We had many nice experiences. We could hear shooting many times. It was a sad feeling to realize we were so near terrible war.

Sports

Winter has brought sports glory to I.C.C. With the basketball season half over the Greyhounds have lost only one game while winning 14 and their last eleven straight. The only loss was at the hands of Indiana State 77-68.

The Hounds have been over the century mark 3 times this season, setting a new scoring record against Taylor. The old mark of 117 was surpassed late in the second half when Central dropped Taylor 125-101. After 15 games the Greyhounds are averaging 92.6 points per game.

The leading scorer is Tom Moran, who is averaging 18.7 points per game. He is followed by Clark Crafton at 16.2 Clark is the leading rebounder with 157 averaging 10.4.

Well balanced scoring, rebounding, and a great desire to win have spelled victory for the Greyhounds. Five men are averaging in double figures and all five have played in every ball game.

Coach Velez's wrestling team has five victories against no defeats in dual competition. They hold victories over DePauw, Hanover, Manchester, St. Joseph's and an upset victory over Wabash 15-13. Miss Sims Appointed to Board of Review

Miss Virginia R. Sims, our Director of Nursing, has been appointed to serve for 4 years as a member of the National League for Nursing Accrediting Board of Review. After attending a workshop concerning accrediting procedures, she will visit and evaluate Associate Degree programs in nursing at other colleges in the middle west who have requested national accreditation of their program. This will indeed give national recognition to our nursing program and will be an excellent medium for observing various methods of teaching and curricular patterns used in other programs.

We are pleased with our nursing program here at I.C.C. and are happy to report that we already have 50 applications for our freshman class next September and we are sure that there will be more as the semester progresses. We find it necessary to limit this class to 50 students. If any of you know of any good prospects we hope that you will encourage them to get their applications in as soon as possible.
