From the president’s desk

A tribute to the past...an investment for the future

For twenty-one years he was an active trustee of Indiana Central. Having joined the Board in 1962, he served with distinction until 1983. He was elected an honorary trustee that year and continues to lend wise counsel and assistance. He supports his love and appreciation for ICU by recommending the university to prospective students and donors, and sacrifices generously of his own means for its outreach.

I had met and admired Dr. A. Hunter Colpitts in church circles, but little realized his sphere of influence across the state of Indiana until I joined the ICU family in 1968. He readily offered his help, boosted us in the North Conference and spoke appreciatively of Indiana Central, whether at Oakwood Park, in the sessions of the North Conference, or in an informal gathering of friends.

How appropriate then, that on November 18, Joanne and I could join his host of admiring friends at the High Street United Methodist Church in Muncie to share our appreciation and initiate the endowed A. Hunter Colpitts Scholarship. The membership of the High Street Church is engaged in a fund-raising effort to provide scholarships, on a permanently endowed basis, for students from that church. If there are no students from the congregation eligible for the funds, they will be awarded to other United Methodist youth.

A recent ICU graduate, Deidre Funkhouser, now a graduate student at Duke University in the Divinity School, was also present for the services. While a student, she was a Presidential Aide and outstanding scholar. She is a Colpitts protegée.

What a generous and thoughtful tribute by the folks of the High Street Church! Our greatest challenge continues to be finding ways to financially assist deserving students so they can attend Indiana Central. The High Street Church is helping to make this possible for its youth. These funds will never be used—only the earnings—to assist students.

We salute those folks who have appreciated, as have we, the ministry of Dr. Hunter Colpitts and his outreach in the church and in the community. We applaud their investment in the future leadership of their youth by making an ICU learning experience possible.

Someone you know needs $6,000?
That's the total sum available to a prospective student who is selected to be an Alumni Scholar for 1985.

If you know an outstanding high school senior with a class rank in the upper 15 percent, shows leadership potential, and has an SAT total score of 1,000 or more with at least 500 on the verbal section, recommend them for a scholarship that grants $1,000 toward tuition and $500 toward on-campus housing. Once a student has been selected and maintains a satisfactory grade point average, the student may renew the scholarship for up to four years. Application deadline is February 1, 1985.

Contact the ICU Admissions Office or Alumni Office for an application.
