I. C. C. SWAMPS PILL ROLLERS DECISIVELY

COACH GEORGE SENDS IN SECOND STRINGERS IN SECOND HALF.

Central's followers tasted the sweetest morsel of the year when the Cardinal and Grey boys swamped Pharmacy College by the score of 53 to 5. The "Pill Rollers" were unable to score from the field, making their only points via the foul line.

Bright started the scoring for Central when he got a field goal in the first few seconds of play. Albright followed with three field goals in quick succession. Central quickly piled up 54 points before the "Pill Rollers" tallied. The half ended with Central leading 54 to 1.

At the start of the second half Coach Gorge sent in the second string men. The "Pill Rollers" took great pleasure in the game and had a "roaring" good time this half.

When the half was over Central had half over the first string men were again sent into the game. The game ended with Central, 53 to 5. Albright and Bright were the two high scorers. Honors were evenly divided among the losers.

JULIO SANLO MAKES COSMOPOLITAN CLUB

SANLO AND MILDRED WASHBURN REPRESENT I. C. C. ON CLUB'S CABINET.

Indiana Central College is proud to claim Julio Sanlo, the president of the Cosmopolitan Club, as one of its members.

Mr. Sanlo came to Indianapolis four years ago from the Philippine Islands. He was appointed as a Sophomore, now being one of the best known Freshmen members of the college.

Indiana Central has had several members in the Cosmopolitan Club of Indianapolis which is composed of foreign and American College students and is doing a very commendable work. Miss Mildred Washburn, a member of Class '22, is chairman of the social committee, therefore Indiana Central proudly claims two of its cabinet members.

BOOSTING OUR COLLEGE

This article, partaking somewhat of the nature of a preachment, should undoubtedly be divided into the usual first; secondly and thirdly.

Firstly, the discussion will be on Why "Our College" should be boosted; secondly, who should boost "Our College"; thirdly, how "Our College" should be boosted. This division being properly made it is only necessary to proceed thence.

There are many good reasons why "Our College" should be boosted. It was founded as a Christian college to give high grade college work under Christian teachers and to maintain the high standards of social and moral life and conduct. The high quality of college work that is done at Indiana Central has been proved again and again by the testimony of those students who have had college work elsewhere and by the excellent record of its graduates who have done graduate work in other institutions. The student body as a whole is pursuits, clean and eager to do commensurate class work and to keep the most wholesome social conditions. The high records and ideals of the Christian associations and literary societies are exceedingly worthwhile. The student body has an opportunity at proving himself and trying himself out in various activities and positions of responsibility that would be impossible for him in large men's complexes. The student here is in moderate sized classes. He has the advantage of living in the dormitories under a democracy of student life that is exceedingly helpful. No other college student body in the Central West is so fortunate in dormitories as we at Indiana Central. With all the advantages here the cost in tuition, board, room and fees has been kept down to very moderate figures.

Our athletics are clean and helpful. We can always be proud of our teams, whether they win or not because they play hard and they play clean. We have a gymnasium.

Surely "Our College" should be boosted especially since there are many neglected people groups—families, high schools who need this college and would be true to its standards.

Secondly, as students of I. C. C. this is "Our College." We get the benefit not only of being boosted, but, we probably have a greater interest in "Our College" than any one else can have. So, first of all, we as students should boost. Then the president and members of the faculty have the college interests so much at heart that it is the most natural thing in the world for them to boost.

Then there are the alumni out teaching, preachers, and working in other professions, who should always be boosting. The pastors in the United Brethren churches over Indiana, Illinois and Wisconsin should have Indiana Central in their sermons, prayers and conversations where the influence of the superintendent and the bishop can have increasing influence by speaking of Indiana Central wherever they go. Certainly, all of us should boost!

Thirdly, how can we boost? We can boost "Our College" by being loyal to its standards and by keeping in gits ideals before us. We can tell our friends, make speeches in our home Sunday Schools, and churches, write letters to other young people back home who should go to college. Indiana Central is the best place on the earth for them. By getting the Reflection, and the people into the hands of other people, by giving the president the names of prospective students, by playing clean in athletic contests, by putting our best into inter-collegiate debate and oratory, and by doing our college work so that others will be drawn by the quality of teaching we have received, we can boost.

If anyone fails to boost because he has some criticism, the best we can do is to keep on boosting. Neither the president, the faculty, nor the student body is perfect, but we have our ideals and our standards. We know they are high and difficult to attain but the fact that we are steadily facing the high standards and goals keeps "Our College" comparatively free from the objectionable things that exist in many places. Let us face our ideals and boost and simply fail to knock. Do not even knock the knocker. Let's boast. There'll be 500 students at I. C. C. September 9, 1924.

EXCHANGES

INDIANAPOLIS, AS OTHERS SEE IT.

Miss Ellen Hart and Mr. Eldon Chauvard of the College of Puget Sound, Tacoma, Washington, were two of the many delegates to the Quadrennial Conference of the Student Volunteer Movement which was held in Indianapolis during the Christmas holidays. The following is a clipping from their college paper.

Mr. Chauvard says: "I was lost most of the time. The city was the second dirtiest in the U. S. There was cheap show houses on nearly every corner. I will say the east is ahead of the west in manners or chivalry. There seemed to be a greater amount of courtesy shown to the women, in such matters as that of removing hats in an elevator when there were ladies present."

Miss Hart says: "Indianapolis is a very dirty city. When the wind came up, one had to keep his eyes shut and when returning to the hotel from a meeting the students would be covered with soot. The city is perfectly level. There are many handsome buildings and churches. The streets of the city are laid out as the spokes of a wheel, the central circle being an immense monument 345 feet high with circular steps at the base. There are statues of soldiers and sailors around it. There was no opera house whatever and I could find no advertiser in any daily paper. I was disappointed to find no high class music of any kind in Indianapolis, probably because the city is more of a literary center. We all visited the James Whitcomb Riley Home."

Lady: Young man can I get through that gate into the park?

Young man: I suppose lady; a load of hay just went through.

Librarian: (Helping a flapper find a book in library): Have you read "Freckles"?

Flapper: No, just plain brown ones.

Second Cootie: No, I have been on a tram.

Bleveland: He had an awful quarrel about which loved the other the most.

He: Want to take a horse back ride with me?

She: No, horse don't like me.

He: But I do.

She: Well, donkeys are different.

Visitor: What do lecturers do when they come here?

Eddie: They get up, look over the student body, then pray for the college.

He: Darling, do you think that it would be possible for you to learn to love me?

She: I am sorry, but I am afraid not.

He: Just as I suspected; too old to learn.

Joe: I came almost picking up a girl tonight.

Bec: How?

Joe: I asked her if she would take a ride with me and she said no!

Don: Don't you know they won't let me play the wind instrument of mine in the band.

Hoffman: Why?

Don: Because it is an electric fan.

Smart: Do you know what those drifting canoes put me in mind of?

Alex: No! What?

Smart: Peanuts—each contains two nuts.

Peter: Poor Bill met a watery grave.

Boob: No, mine are all chapped, but what of your business?

Calvy: Recruiting Officer: Say, where did you learn to ride a horse?

Recruit: Why, on the back, Sir.

Miss Dorothy Vanland spent last week end at her home in Vermillion, Illinois.

Dr. Munch, the singing evangelist, paid high tribute to Lynn Arbor gast and Gertrude Hutton, who he declared to be the best pianists he had ever heard.

Telma Brenton is already chanting: "I'm going home. I am going home," in anticipation of term end vacation.

RESIDENCE HALL.

Miss Elsie Delaney is the owner of a new quarter-sawn oak table delivered by Mr. Emmert. Due to his special choice no book rack was on it.

Miss Barnhart was overheard to say to Miss Gilliat, "Did we have a good time at Lights Sunday?" "Well, I should say we did!"

It's often been wondered why Vesta Rickart has such a determined way of expressing herself. The problem is solved—she and Abe Lincoln were born on the same day of the month.

Miss Mildred Barnhart, Mines Ollio, Opal and Dick Gilliat enjoyed an oyster stew with Generia Taylor. Miss Alice Weaver suffered a very serious disfigurement while out joy riding with some eels. Collision with a branch of a sycamore tree was said to be the cause of the injury.

The Misses Jessie Watson, Oline Gilliat and Myrtle Banks had dinner with Miss Virginia Fout.

Mr. and Mrs. Haviland stopped to see a few friends at Residence Hall on their way to their new home at Lebanon, Indiana.

ACADEMY NEWS.

Mrs. M. J. Swindler, the Principal of the Academy, has been ill for several days. She is improving now and will soon be able to meet her classes. Her illness has caused a temporary absence of the principal in passing through classes of the Academy. Her able principalship in the last three years has gained for her a respect and admiration from this department of the institution.

Mr. Henry Osborne, who has been unable to be with us for some time on account of poor health, paid us a short visit last week. He is engaged in evangelistic work. He also holds the Cloverland charge.
