Annual Homecoming Greet Old Students and Visitors

The greatest event of the year is approaching! From sundown Friday night until noon on Saturday, Indiana Central will have a busy weekend welcoming alumni and former students for this Homecoming. At five o'clock Friday night the American Legion will barque on the campus for all the festivities. Immediately following this will be the most impressive event this campus has witnessed in some time. The homecoming dance. Everyone will know the college and the college, in turn, will know the homecoming dance. This dance will be held in the college gymnasium, which seats 600 guests, and will begin at 8:30.

The college band will give three concerts to secure uniforms

One of the most beneficial and helpful of the concerts on the campus this year. This year under the leadership of Lou Phelps, director, a band of approximately 25 to 30 members has been organized. Rehearsals have been held since October of last year, and remarkable progress has been made. The new equipment is the latest in the field, and will provide the students with a fine instrument for their work. The band is hoping to secure new uniforms, and plans are carried out, will be the one to give this year's uniforms to the college. The band will bow its head in appreciation of the generous donation of uniforms for the band.

Second Annual Homecoming Game — Large Attendance Expected.

With a week of hard practice since their first defeat at Muncie, the Central Greyhounds are ready for their first game of the season and succeeded on Saturday afternoon. In spite of Central's second annual aggregation, as they have never before presented on Central's schedule, however, one may be safe in predicting a victory for the home team in the first one, without giving the score. But little is known of the strength of the Muncie aggregation, as they have never before appeared on Central's schedule.

Central's forward line will be of much importance, and if the Greyhounds in the back field can get a start, they can go anywhere they want. A victory for Central is in possession of the ball in midfield.

In the last quarter Central was a constant menace to the ball and could only be held out by the efforts of Smith, the backfield man. He was covered by an Indian Central player, and, with good interference from Vance, galloped through a broken field to a touchdown. Turner kicked from placement for the extra point. Later Central carried the ball to the forty-eight yard line, but, with the score 20-0, the game was stopped.

It was a tough battle from start to finish; the most of the points were due to the efforts of Central's line, and, with Smith, the backfield man, in possession of the ball, the Greyhounds had a good chance to win.

High spots in the fray were a spectacular run by Turner in the third quarter, a kickoff, and, Smith's forty-yard run in the fourth. Smith carried the ball to the forty-yard line. He was intercepted by a pass from Earlham by a score of 20-0. Central lost the ball when Ditmer intercepted a pass from Earlham's for a penalty because the ball was called back for a penalty because the backfield man was in position before the ball was snapped.
