The strength and power of the Frankiln team are not known. Last year the Franklin freshmen team was a constant menace to the varsity. The sophomores will make up a large part of this year's team. Franklin has as always boasted a strong team. Last year they were need of the Butler except for outside help. This year it looks as though that Franklin has a stronger team than last year.

The answer secures the Franklin winnies have defeated the Greyhounds. Last year the Greyhounds creditable for their play, but when "Pete" McClain dashed across in the second half for a touchdown.

Over fifty candidates reported for practice. More than half are freshmen, who are giving the experiment a try for positions on the varsity.

Turner and Brennenman, former Manual stars, are showing up well and they are probable starters in tomorrow's game. We have been playing center and Brennenman has been pulling some dazzling runs in the backfield.

Central is well fortified this year with heavy material. Thuy Curly, who is out of school for the week, has returned. Doc, Curry, Bart, Pen, and Ted have been with us and have a choice to suit conditions. He can either use a heavy line or a fast light line. Everybody we have is able to play.

**PRESIDENT SPEAKS TO LITERARY SOCIETIES**

**DISCUSS INCREASE IN MEMBER-SHIP DIVISION OF OLD SOCIETIES**

President Good called a joint meeting of the four Literary societies Thursday evening for the purpose of discussing the organization of new societies, the distribution of membership among present literary societies, and the formation of new literary societies.

The president started the lengthy discussion that the present arrangement could not by any means accommodate the number of students that would be interested in literary societies unless a large part of the students who are interested in literary societies could be divided into separate groups.

One of the chief interests of the Literary societies on the campus will gradually be the division of the student body among the different literary societies. This arrangement is necessary, as an accurate count of the number of students that belongs to literary societies is not known. The Literary societies on the campus will gradually be divided into two separate groups.

On the third of Student Body, this year's freshmen.

About fifty per cent of the student body have participated employment and many others have been interested in the work. This was acquired through in-doray, economy, conscientious effort, industriousness, perseverance, and the ability to do the job.

The Skyline's Sports Costume

The Sports Ensemble.

For the debacle who prefers the outdoor Jumper, this straightaway slipover of shimmying feet is just the thing.

The dancing, nondancing skirt of this convenient costume is of soft, sinkable fresh air. About twenty-four hours should be sufficient.

The graceful spin is lined with blue and silver, with a touch toward popular state. Our silver scarves are thick and shiny, with a flannel inner layer.

Though strong the manufacturer, this fabric is quite sturdy and will resist wear. This material is not only beautiful but durable, being of the highest quality.

The Sport Ensemble is made in the following colors: Blue and Silver, Red and White, and Black and Gold.

FRANCE ESTABLISHES STUDENTS' SANATORIUM

University students in France who show the first signs of tuberculosis will be cared for in a large sanatorium being built for their exclusive use, according to a report in The Journal of the American Medical Association. Funds for the project have been collected from private subscriptions, from the government, the municipal council of Paris and the various universities. Prospects for a collection of more to complete the buildings and cover the cost of administration are favorable. The sanatorium is situated in the mountains near Grenoble.

ROSE POLY INVADES GREY HOUND CAMP OCTOBER 1

Saturday afternoon, October 1, the Greyhounds will open the football season here, when the engineers from Rose Poly invade Central's camp. This season marks the beginning of football relations with the Greeks. Little is known of their gridiron strength, but Rose Poly can probably give the Greyhounds plenty of opposition. In previous years the football games have centered the Centralites to the limit.

IF YOU ARE SUPERSTITIOUS

A crack in your window is a sure sign you are going to move. To see a paperhanger paper over a flaw hole indicates an impending loss. It is worse luck to look in a dark closet with a match than to see the moon over your left shoulder. When the wind moans it is extremely bad luck to burn trash near the house. If you have a pile of rubbish in your cellar it indicates that a crowd of people are coming to your house. If you smell gas and look for it with a candle or lighted match, it's a sign you are about to start on a long journey.

Pastor Returns

W. R. MONTGOMERY

The Rev. W. R. Montgomery is beginning his fourth year as pastor of the University Heights United Methodist church. Only one minister has had a longer pastorate in the Heights community.

INDIANA CENTRAL COLLEGE HAS ENROLLMENT OF 271

The total enrollment for the fall term of school, as compiled by Prof. R. W. Lane, shows a slight increase over last year. There was no increase in the freshmen class, but the three upper classes show a decided gain.

The enrollment according to classes follows: Seniors, 34; Juniors, 29; Sophomores, 21; and freshmen, 100. This brings the total enrollment to 271. Of this number, 283 are males and 48 are females. The male sex predominates in every class except the sophomore, which is considered rather unusual. There are a few students still expected to enroll before next week.

Faculty Entertains Freshmen

The members of the freshman class entertained by the faculty on the evening of September 29 in the social room of the New Hall. On this occasion the students were given the opportunity to get acquainted with the faculty and the faculty with the new students.

The program was complete with games and contests of various descriptions. President Good, Miss Craven, Miss Johnson and Harvey Montgomery represented the faculty in bringing greetings to the class. This is the first year that the faculty and freshmen have met in a general assembly, and this party was held in connection with the placing of the orator in 1906. This was recently added to the curriculum.
