Workers Concentrate Efforts for Success

The most significant movement in the history of Indiana Central College is the movement to raise a million dollars for endowment and debt liquidation which will enable the college to become a member of the North Central Association of Colleges. This is the most significant movement in the history of the college because it is the largest goal that the United States has ever asked for. Many of you have already answered that call. Will you answer the call of the college leaders, including the President, Mr. William P. Cleveland, and the Faculty, and give your all now? This is the time to give!

MODERN YOUTH REFLECTIONS

To college students have convictions? In the November issue of McCall's magazine the Rev. J. P. Newton quotes Dr. John H. S. Knox, of Indiana Avenue Methodist church, New York, as saying, "Almost all the youth I come in contact with are moral and in every other aspect very well rounded. It is difficult to criticize their youth. I think in this matter I am inclined to be very critical than they are."

It is true, where are the college students with convictions? The term "convictions" is used in the singular to refer to the concept of having a personal belief or commitment to a particular cause or idea. The sentence states that the author believes that students in general are well-rounded and that it is difficult to find fault with them. However, the author also acknowledges that there are individuals among the youth who do lack convictions and that this is a concern.

SOCIETY AND ORGANIZATIONS

HALLOWEEN PARTY

On Friday evening, October 23th, there met on the college campus an almost unbroken line of groups from the various classes; clones, beggars and platters—all attended the Halloween festival.

In small groups exploratory trips were taken into the shadowy halls of the Administration building, under the direction of ghosts which stalked out from behind the doorways. Grim, dead men, an electrified spirit, unexpected obstacles and weird sounds made the place, though common enough at other ronce, seem very unfamiliar. Adams found the credit of the over watchful phantoms that everyone finally found the crackling fire that welcomed the crowd to the M.A. campus.

DAYBREAK PARTY

"Hilts" Dawes and "Lucky" Vandal entertained in honor of "Prilzli" between moms werebornberger and "Prltzli." A breakfast party was offered November 1st and presented a plan of our sending a delegate to the Student Volunteer convention to be held at Be- rkeley, December 26, 1927, to January 6, 1928. The convention will be words will aim to promote the work of the college, in some cases foreign missionary work. The program of the day should be present. A missionary pageant is a feature of the convention. Girls, come to the breakfast next Wednesday evening and greet your sisters from the foreign lands and let us observe together November 11, 1927.

CHICAGO BUS TRIP—GALA STUDENTS' EVENT

(Continued From Page One)

The bus trip is in editing and we heartily agree—then why not give us a course in editing instead of going to the trouble of "book-learning?" Mr. Patterson, practically known editor of the student estro, spoke to us for a few minutes. He gave us several encouraging things on journalistic writing.

Saturday evening we dined in state at one of Chicago's best cafes, then en-joyed a theatre in like manner.

Other moments were spent riding the double-deckers—new experiences for some of us. We didn't find it too exhausting, for the weather was cool and pleasant.

We came back to our Alma Mater a little more humble, feeling that perhaps we did not know it all, and more concerned about the world about us and very grateful to Professors who know Yvonne colors in the sky and the stars and who teach us how to live.

BOTANY CLASS EXPLORATION—STATE FOREST RESERVE (Continued From Page One)

Those fortunate enough to board the three-volume-mile inclosure up to the top of the tower hill where the world of nature was waiting for us. A thirty-five-mile hike was made into the garden of nature. The rest of the afternoon was spent in an intensive study of plant life. Several enthusiastic easterners gathered for a complete day of hard work and months about their chores to be seen in front of the ad-ministration building and in the observatory and industry.

On the return home, dinner was eaten at a tourist camp north of Columbus, by a tired but happy group of Indiana Central's botany-representatives.

GREYHOUNDS SMOTHERED
BY NORMAL AIR ATTACK

Central Normal handed the Greyhounds their worst defeat of the season last Friday, when they punished their way to a 20 to 0 victory over Central at Danville. Captain Franklin was high-handed man of the game, with two touchdowns and two points made on kick from try after touchdown. Bratton made the other touchdowns.

Smith, left half, and Ureneman, full, are out for the season, and Coach Good had to revamp the backfield. Demmary shifted to left half and Jones played full. The Greyhounds had an off day, and were unable to get any place. They plucked the punchy Danville line only to lose the ball on downs when they needed them. In the third quarter they scored a touchdown on a fumble, but both teams were eclipsed. The Greyhounds completed only three passes out of twenty attempts for twenty-yard gain. The Central Normal crew completed ten out of twelve for 132 yards. Central Normal suffered heavy penalties, but recovered the lost ground with passes. Franklin made the first touchdown when he skirted both wings for heavy gains. He swept around Central's left end for the first touchdown. After a series of end runs and punts through the lines by Bratton, Argenson and Denacl, placed the ball on the eighty-yard line. On two plunges Bratton crashed over the line. Franklin made another touchdown when after a series of passes on the ten-yard line, he swept around right end for his second touchdown. Right, bright half, was the only Greyhound who was able to penetrate the Danville line. He starred for Indiana Central.

HOMECOMING TILT ENDS
IN 12 TO 12 DEADLOCK

Greyhound Backfield

A trio of the Greyhound backfield who have been causing worry and consternation to the linemen of the opposing teams. Bright and Lemme are favorites and they are fast and speedy men. Lemme is captain and also captains the team from the quarter position. Dreneman was injured in the Muncie game and will be out for the rest of the season. Smith, the other speedy halfback, is not in the picture.

Hanover Smothering Under Defense—Determined to Win.

The Greyhounds completed a light drill last night in preparation for the Hanover invasion this afternoon. Coach Money will bring a team determined to win. Money is a new coach and Hanover has not won a game this season. The boys from the hill, smarting under their defeat, will attempt a comeback against the Greyhounds.

Coach Good has been drilling his men on some new plays and will probably introduce them against Hanover. The same lineup will start against Hanover that started against Danville last week. The probable lineup will be as follows: Billy, McCormick, ends; Vane, Ureneman, tackle, Dean, Hotton or Curt, guards; Turner, center; Lemme, full; Jones, tail; and Bright and Demmary at halves.
