CAMPUS CAMPAIGNNEARS $30,000; TAW DAY DRIVE

Urgent Speeches Stir Spirit: Faculty and Students Give Freely.

With united force the students and faculty of Indiana Central College launched the Million Dollar Campaign on the college campus and in two days the total was $21,760 in pledges.

In chapel and at class meet-

ings, directed by President E. J. Good, and individual canvassing brought results which a day before the campaign the students would have considered impossible.

In chapel the students were called upon to make the first pledge, and without hesitation gave urgent speeches which instilled into the group a spirit of active participation.

The students and faculty were quick to erase the absolute necessity of the campaign and pledged to the limit in their giving.

\(<\text{ALUMNI PLEDGE}\>\)

Every day pledges are coming into the office from the alumnus and former students of the college who have pledged $14,250. This makes a total of $17,450 among faculty, students, and alumni.

**NEWSPAPER MEN SPEAK**

A nosegay saying "Extra" met the eyes of the Press Club and their guests as they took their places at the Fifty-Fifth Anniversary banquet of the club, held in the college dining hall Tuesday. Several members of the membership presented each guest and guest individually, and with united force the students and faculty were forсing each to place card. The piece of the tiny reflector that each guest held, was put to best advantage.

The place card represented a tiny reflector that each guest held, and the best advantage was put to each one. And whether the movement is a mighty movement or not, the hundred thousand papers have sacrificed for Indiana Central College is a LOYALTY INSTILLED THRU action. The students and faculty were forсing each to place card. The piece of the tiny reflector that each guest held, was put to best advantage.

ALUMNI NEWS

No doubt many of you missed the annual Alumni Association dance last Saturday night. The writer was too busy with Campaign work to make the dance. I regret this very much. However, it is my hope and plan to fill this column each issue with the news that will let you know the Alumni Association is alive, that the operation will be possible. For the next issues I am depending on you.

The first twenty-five paragraphs of this letter make it clear that the writer is unable to get the times of the various functions. If you know the times of some of these events, I would like to have them as they will appear in the next issue.

Y. C. A. NEWS

A playlet and story in keeping with the occasion made up the Y. C. A. program for November. At the meeting November 16th Professor Shoven from the University gave a lecture on the problem of the upper classman. The lecture and refreshments were the highlight of the evening. Just as Professor Shoven predicted, there were a few students who did not come to the meeting. The spirit among the members was excellent. The Y. C. A. is doing a very fine job.

THANKSGIVING VACATION

Of course we are all thankful for the brief respite of duties that Thanksgiving recess affords us, but we do not forget to be thankful for many more things. We are thankful that we have the privilege of attending an institution of the highest rank and are thankful for the ideals and motives that are the foundation of the school. We are never ashamed of the thrill it gives us to be a member of the school. We are thankful for the opportunities the school affords us.

The World Fellowship Committee of both Y. W. C. and M. C. is planning the World Fellowship Camp the first week in December. The money has been raised at the Y. W. C. and Alpha Xi, and the Y. M. C. A. is having a sale in the Adolphus. The money will be used for the camps.

Y. M. C. A. NOTES

The Moon milks her silver bowery
Betwixt the Stars and the Sun;
Her Banquet is still spread,
And the Children of Earth are fed.
They dance, and the Moon is fed;
Their songs fill the air;
The Moon milks her silver bowery
Betwixt the Stars and the Sun.

SHE WORE HER TROUSERS

No news of many of the absentees from the barbershop. Perhaps it is because they are too busy with things that have to do with the campaign. Thanks for the report, anyway.

CONFERENCES MEET

While River met at Indianapolis First Church on Tuesday, Nov. 1; St. Joseph met at Warren, Wednesday, Nov. 2; DeSoto District Illinois Church Council met at Marion, Thursday, Nov. 3; and First Church in Bloomington, Nov. 4.

CONFERENCE SPONSORED

Several times Bishop Foster and the conference superintendents spoke in no uncertain terms of the absolute necessity of the success of this campaign. They pointed out that the loss of our young people will mean the decay of this church and the loss of our denominational standing in this area and not the church back many years. They called for full cooperation of all the forces to give their time, energy and pledges to assure full success.

CAMPAIGN SPEAKERS

Mr. J. E. Eagle of Palmyra, Pennsylvania, was present and spoke in each of these conferences. He had carried out that the call of the Bishop was a serious one and had not failed to show that the work of the church is a serious one. He said that the campaign is an essential part of the church's program and President Good said for full cooperation. A resolution was adopted pledging best efforts of the conferences.

UNDERWRITING QUOTES

On November 5 the Executive Council and other campaign leaders met in Indianapolis to discuss the advisability of having the local churches underwrite or pledge the amount of their quota.

SCUDDERS...SEWERS...

The Sunday School department and the council agreed that in view of the experiences of others and the necessity upon us arrangements should proceed at once to secure the underwriting of the quotes. It seemed perfectly clear that the money dollars must be secured, that our church is able to do it; that the money must come from the people in the local churches; that the people must know what was going on; that a fund that was not in the hands of a few but in the hands of the church would be of the greatest advantage. This seemed perfectly clear.

THREE CHURCHES UNDERSIGNED

On Sunday, November 13, President Good was with Rev. H. C. Schleicher at Anderson, Indiana, when that congregation underwrote its quota and with Rev. L. R. McNiel in Columbus, Indiana, when the church underwrote its quota.

ADVISORY COMMITTEE

The family, students, alumni, church leaders and all know the value of the college and what we all want in full success. Only continued prayer and active cooperation will assure the success of the campaign.

LETTER FROM THE REFLECTOR

To the Editor of the "Reflecter":

I am writing to you about something that has been bothering me for a long time. I have noticed that in recent issues of the "Reflecter," the style of writing has been quite different from what it was in the past. I think this is a problem because it makes the reading experience less enjoyable for me.

The first issue of the "Reflecter" I received was very different from what I expected. The articles were well-written and engaging. However, as I continued to read, I noticed a shift in the way the articles were presented. The tone became more formal, and the writing style was less engaging.

I think this change is important because it affects the overall quality of the "Reflecter." If the "Reflecter" continues to shift in this direction, it may lose its appeal to a significant portion of its readers.

I encourage the editorial team to consider the feedback of its readers and make changes to the style of writing if necessary. The "Reflecter" has a unique and important role in the community, and I hope it continues to thrive.

Sincerely,
[Your Name]

TO THE BOYS OF J. C. C. Parents, I've traveled around town to town—

In this land of the leaves and tree, in this land of the sun and sea, there's no better than the Days of J. C. C. Pray as we do. And I'm here to say—

It was cold when we entered their doors. But they took us right into their hearts. Gee, but their welcome was warm.

We were given a bed. And we slept like Foundation.

On the second floor, finally woke when daylight broke, but my Energy conserved to score, right after lunch.

Our penny lunch. And we enjoyed it. The game. U. C. won the fight, but folks, get this right. That's what we mean! You see my vigorous shake, held the game was fair. That's the only way they square, except the one who wins the game! These friendships I've always chosen are the best as they are. It's the Boys of J. C. C.

WHAT IS A HEALTH EXAMINATION?

A HEALTH EXAMINATION is precisely what is name indicates, an examination of your health.

A HEALTH EXAMINATION is a thorough "going over" of your body by a competent physician; he neglects no system or organ; and he makes no mistake whatever laboratories tests are necessary to determine how healthy you are.

For what reason? To determine how sound your health is and how it can be preserved and improved.

Why Should You Have a Health Examination?

BECAUSE—Though not sick, you may be suffering that failure of health and vigor of which you are capable.

BECAUSE—Some diseases in their early stages give you no warning of their existence.

BECAUSE—A disease discovered early is the more likely to be cured and kept from spreading.

BECAUSE—It has been found that health examinations taken regularly will help you live longer and better.

BECAUSE—Do you stir you area around?

What may be the results?

You. dear! exclaimed Curk.

"Certainly I can carry a tune."

"Well," said Barrick, "and what's a donkey?"

"You!" exclaimed Curk.

Prof. Marshall—"Do you know what it means to be a writer?"

Wolf—"No. I spoke before an audience once, but most of it went before I did."

"Put a man's wife is his better half, isn't she?"

"We are told so, my son."

Then, if a man marry twice there isn't anything left of him, is there?"

"Humbert."

"Yes, Walter."

"Can I carry a tune?"

"Certainly I can carry a tune."

English Prof. "Give me a sentence with the word 'metaphysician.'"

Durglar—"We buy any homes Mr. Jones metaphysician."
