PRESIDENT'S MESSAGE

For the twenty-fourth year in the history of its activity, Indiana Central College is in session. The college has been blessed with a successful year and has continued to grow and develop. The student body is larger than ever before, and the faculty is also larger and more experienced.

The college has continued to offer a wide variety of courses and programs, and has expanded its offerings in recent years. The college has also continued to invest in its facilities, including new buildings and improvements to existing ones.

The college's financial situation has been stable, and the board of trustees has continued to make wise decisions that will benefit the college for many years to come.

New Pastor Comes to Heights Church

After four years of successful service as pastor of the University Heights Church, the Rev. W. R. Montgomery has been assigned to the pastorate of the Heights Church in Indianapolis. The Heights Church is one of the largest in the city, and has a strong membership.

The Rev. Montgomery has been a strong and effective leader at the University Heights Church, and is well-liked by the congregation. He has been instrumental in the growth of the church, and has worked hard to make it a vibrant and active community.

The Heights Church has a long history of service to the community, and has been a leader in many community organizations and events. It is expected that the Rev. Montgomery will continue the strong tradition of service and leadership at the Heights Church.

CARDBILL WARRIORS FACE STRONG TEAMS

The Catholic high schools of Indiana have been busily preparing for the upcoming season. The teams have been practicing hard, and are ready to face the strong competition they will encounter.

The Catholic Cardbill Warriors are one of the top teams in the state, and are expected to do well in the upcoming season. They have a strong roster, and are looking forward to the challenges they will face.

IT was authorized October 18, 1923, to her College, Indianapolis, Ind.-Craig Brandenhurg.

"We want and need automobile manufacturing concerns in college, in all phases of higher learning. Indianapolis made the statement. Together, it is thought, is the only way we will get the advantage.

The point of higher learning.

Many students who are alarmed at the "bicycle to the market to make her purchase" are no more than a probability. The boy of to-day is more likely to be a college graduate than a farmer's son. He is more likely to be a college graduate than the son of a factory worker. The college is for everyone, not just for the few.

Coach Page Discusses Problem of New Courses

BLOOMINGTON, Ind. — "The state of Indiana needs more good football offending," Coach H. O. ("Page") Pat declared in discussing the course on offending.

Some coming to Indiana University "Page" has good getting more high school football, saying that the university needs more balance in its athletic program. The reason that the university can not have a football season that is more lengthy is that basketball is a season that is the most important in college, and people show too little interest in basketball.

Trained Players Needed

Both Illinois and Purdue were interested in the Big Ten conferences in recent years because of the many players that entered the universities with too little high school training. Coach Page said. The solution for this problem is to encourage football more into high schools.

A. L. Trester, permanent secretary of the Illinois High School Athletic Association, has been prominent in promoting high school football in the state in the last five years. Page said. "At present there are more than 700 high schools in the state, and we have football. Coach Adams and Curtins are starting football at Stanford, and Coach Fox says that if I had to be to have football soon Bloomington is well up in the next season, he pointed out.

Coach Page was enthusiastic over the football season for colleges here. Many of the leading coaches of the state were away in his classes on the theory and practice of coaching football which meets at 5 o'clock daily. Page had charge of the class in offending last week.

News of the week: W. S. Thorburn's Sanborn system of play as used at Northwestern University, and the systems of play of all Indian universities, including Notre Dame and Harvard, will be studied this week in the new study of basketball coaching courses.

AMERICAN CROPS

The value of farm crops in the United States last year was estimated to be $4,484,000,000. This was an increase of more than $600,000 over the year before.

"HEAT" VANCE

"Dave" Vance, will captain the Greyhound football squad this season. "Dave" is a star and has played two years of football for Central. He has a quick eye and quick, and on the line he is like a stone wall.

His early training was secured with the Canton, Illinois, high school team, winning state honors during his last year. Last year he was tallied for the all-state, and we are betting that he will make it this season. He has been working on a concrete gang that is being built, and on the off-season he will be in shape to enter the games.

SMITH COMPETES IN CHICAGO TRACK MEET

Jump Against Athletes Who En- tered This Year's Olympics —

Oscar Smith, star performer of the Central University club, took part in the National Intercollegiate Track meet held in Chicago last week. In the event of the Olympics there were thirteen entries in the meet. Smith pulled down seventh place, jumping 23 ft.; in the second event of the meet, Smith was 11th, his total being 78 ft.

Raymond Breneman will play the majority of the backfield on the football squad this season. He has been a member of the basketball, football and track teams at Manual high school. He is a good athlete and has a head and consistent game, and is an all-around athlete. He is also worthy of mention that "Bren" also ranks high in the rankings of the state. He has done splendid work for Central and we expect a great deal more this season. He will probably play one of the half-back positions this year.

"Fox" Thompson will be on the outside to take care of his half of the tackling. Fox came to Central last year after a successful career in sports at Technical high school. He got into the game last fall and was one of the most dependable players. With his strength and speed he makes a good teammate for Fox Vance at the tackle position. His home is in Indianapolis.

Oscar Smith, Labrador, is back again to carry the ball for Central. His work on track has kept him in excellent physical condition. As a running back he is invaluable. As the boys in the green say, "When Smitty gets loose he is gone for a touchdown," so watch his smoke this season.

THE MINISTER'S DOLLAR

The National Education Association is the authority for these figures. In 1900 the average salary of ministers of all denominations in the United States was $704 per annum. In 1900 the average was $704, and in 1920, $714. On the basis of the 1913 dollar, the actual amount received in 1913 was 88 per cent of the 1913 salary and in 1920, 190 per cent. It will be seen that while the actual amount of money received by ministers has increased during a period of thirty years, the purchasing power of the dollar has decreased.
