Financial Drive of S.C.A. Reaches Final Stages

The Student Christian Association drive is now in its final stages. The mystery of the number needed by the S.C.A. to complete their campus-wide fund drive was revealed in chapel on Wednesday, November 5. It was revealed that these numbers represented the amount needed by the S.C.A. to promote the social, moral, and spiritual interests and activities throughout the state.

At this period each student present was given a budget sheet on which the complete budget of the S.C.A. was outlined for them, giving the budget for each individual function in the organization. This began the drive—and since that date all the members of the floor of the dormitories are busy receiving the pledges of the students on their floor.

The progress of our drive is being shown on a miniature football field in the Ad Building hall, the football players representing the class. This drive—his goal the $325.00. Our cry "Let's put it over!"

Central Opens Basketball Season

By the time the paper reaches your hands the 1941-42 edition of the Central net squad will have made its debut. We feel that the team will have a job on its hands in repeating its record of last year. The team as a whole is both practically intact, and that the schedule is a bit harder, nevertheless there is going to be a good team making work for the Central name as they work out in preparation for the basketball season.

I'm not trying to belittle the teams that we have battled in the past, because I believe that we have been able to show the best quintet in the nation and that the games have been both intense and exciting. We are the only team that has a chance of winning this year. The movement is to be expected, and that is the only team that has a chance of winning this year. I'm going to list out a few points that can make our team a success.

Cross-Country Scoring

Did you know that the team with the most points of any team in the Cross-Country meet is the victor? Did you know that your score is never counted? Could you assist in this issue with this article.

The first five men to cross the finish line are scored and the team is not scored to have placed. That is, their position figured in the meet, but the team is not scored to have placed. These men who place in the first five spots for each club is given the number of points that the runner placed first and second. Were we not to be scored to have placed third, Johnson, I.C. C.C. placed third, and the team received five points. We placed third; Johnson, I.C. C.C. placed fourth, and the team received the same number of points. Fifty Todd and Fisher placed sixth and seventh; and three Wellington men placed eighth, ninth, and tenth. Adding the numbers of the position of the Central men, we have the total number.

Central Falls Before Butler

In one of those famed grudge affairs, the Central Cross-Country squad played host to her town cousins, the Butler Bulldogs, and Central失败 Monday, November 4. In this meeting of David and Goliath the giant proved more than a match for the skill of David and the boys from the north side conquered the Central Harriers by a score of 23-32.

Butler showed a great display of team strength which was more than Central could cope with, and this spelled the difference between victory and defeat. Central succeeded in taking first place, but Butler captured the second and third slots, and bunched her runners to win the fifth, sixth, and seventh positions. As usual, it required a man and a half to outdistance Central's black bordered galaxy of stars ahead of the field to maintain the lead. (Continued on Page 4)

**The most important action of the committees was the adoption of the resolution presented by Dr. L. L. Baughman. This resolution had been passed by the Illinois Campaign Committee and had been brought to this one. It made the following provision: The goal provided that the goal of the Campaign be $300,000. This goal had been definitely suggested in Dr. Gregory’s statement on the Campaign and had expressed their conviction that we should adopt $500,000 as the actual goal instead of the more indefinite purpose to raise “at least $300,000” as had been indicated in former statements.**

**Where Are You?**

Monday morning in chapel we heard the story of a man who became “lost in the crowd.” Well mid-summer are now one-fourth of the year has passed, never to return again. It’s a good time to see where we stand and what direction we have been going for the last nine or ten weeks.

**Have we become lost in the maze of studies, work or activities, until we have forgotten more important things? Then again have we wasted our time in idleness and “bull sessions” until we have nothing to show for our efforts.**

**The Progress since the last meeting of the General Committee was reviewed. This included the approval of the Campaign by all the conferences, the endorsement of the Rev. Dr. J. Martin Trousdale, Reverend Elmer F. Dittmer, Mr. R. M. Wolfe and Reverend Sherman Cravens as field men to work in the solicitation of funds and the general arrangements by which the Campaign would be promoted largely by conferences with White River Conference and by Conference. The Campaign was presented at its churches from November 16 till the holidays. Other conferences will follow in succession after the holidays. Further reports will be made in January in Indiana Conference.**

**The Bible as Blueprint, New of America**

In a copyright article appearing in the Herald-American, Boake Carter says what he feels was born as a result of a visit to half a dozen historical sites of national interest.

It is such an unusual article to come from the pen of the columnist, and one that the editors wish to quote the major part of it without comment.

And this standard of conduct who are we, who are not wholly without conscience.

**President’s Notes**

On Tuesday, November 4th, the General Campaign Committee met to review the work that had been done in preparation for the Victory Campaign and to take such action as would be most helpful. Bishop Dennis presided and all of the conference superintendents of the constituency were present and participated in the meeting.

The Bible is a blueprint. Its purpose is to provide a course of conduct for all individuals. This class of conduct is known as the blueprint of the Bible. It sets forth a standard of living that every individual should strive to live up to.}

Whether by reading American history, the Bible, and devout study, one may come to realize that the Founding Fathers set forth a just and righteous course. They were humble and meek, yet they were strong in their convictions. They were not afraid to face the consequences of their conduct and to be bold in their convictions. They were not afraid to face the consequences of their conduct and to be bold in their convictions.

The consequences of such living led to great blessings in the succeeding generations. **Are not our own riches and possessions vanishing by the economic bubble and confusion of circumstances right now? Yet ours is a country which, in essence as laid out by our Founding Fathers, comes nearest to the ideal of government in principle laid out by the admitted greatest legislator of all, Moses.**

DRAMATIC NOTES

Friday, November 14, the dramatic club gave its annual out- side sun-and-tea-time play of the year when Helen Culp presented the play, "The Court of War," by Kenneth Goodman. This was a serious, realistic play which brought the audience to see that not all of evil and good, and evil. The story was that of a young man, who was out of work and bewildered, and therefore got him crowded in himself in trouble. Too with prospects of bringing disgrace upon his family as well as himself.

Sergeant Bennett and the Priest try to counsel Michael, but nothing will stop his Master's way. He takes away the four of disgrace now, and the thought of prison. The one will pass him, and the other will be short. He will go by as bad a dream and you'll 'wake up out of it with God's help.'

Michael finally listens, but not until the audience had witnessed a dramatic struggle between Sergeant Bennett and the Priest.

The cast was as follows:

Michael Conners............. Merrill Greif Irish mother..............Elen Callahan...........Alice Beevor Priest .......................Orville Cole Sergeant Bennett...............Robert Good

After the presentation of the drama, the guests and cast enjoyed a social tea.

Bills-

The meeting was very well attended . . . Butler's team wasn't bad . . . I mean . . . good enough to have the chance . . . hope our captain comes in first . . . but they haven't started yet . . . more elections next time . . . I mean . . . Ali userManager goes over the right . . . bended straight East . . . it's disappointing for the distance now . . . just a sport . . . it's almost time for the meeting to open, there appears to be no pretty good form . . . they're lining up now . . . they give me the place to do but to wait till they come back to the last box.

Here they come back . . . our captain . . . is ahead too, about half a mile . . . it's getting slightly chilly . . . but the kind of weather for football . . . well, Joaquim come in first, 46 seconds ahead of our man. I really didn't think it would be a point, but it was a good race . . . now the crowd is dispersing . . . it's all over everywhere.

The "Corner" . . . where we spend most of our time . . . and money . . . good enough to . . . but if they don't lower the price, I'll have to get some more boys . . . I really don't know what to do with me . . . Harry James' arrangement of "Carnival of Venice," what a success! . . . doesn't it look good . . . it doesn't yet? . . . but his "Flight of the Bumble Bee" is even better . . . isn't it nice that we can get two pieces for a nickel there? . . . such as "Why Don't We Do This More Often" and "I Don't Want to Set The World On Fire" . . . nice combination, don't you think?

Women's Variety Hour has been mowing . . . but it doesn't stick to the ground . . . the campus is beautiful . . . as right as we all think . . . in the absence of Mr. Moen, the students are doing a good job . . . I really don't know what to do . . . there's some places where there's no light . . . no crowding . . . please don't crowd in the classes . . . one . . . well two anyhow . . . it's almost to nice in come to . . . but if you're not careful, there's a chance . . . there's nofuture in walking in the dark . . . alone.

Unknown to the 123 students enjoying themselves at the Halloween Party, the other workers, members of the faculty slipped in and proceeded to make the evening even more hilarious. Nobody knew they were there until the unmasking. Some even surprised the actors. In the accompanying picture we see Dr. and Mrs. Steeves, Fred. Weber, and Mrs. and Fred. Turner. Prof. Turner in the costume of the young man, who was out of work and bewildered, and therefore got himself crowded in himself in trouble. Too with prospects of bringing disgrace upon his family as well as himself.

NEW HALL FOLK GAMES

and big sing

A gay group gathered in the recpeptory room, in Memorial Hall on Saturday evening, October 25th. That was the first of a series of Folk games parties which are being held on the campus this year.

Professor Turner, who has had some special training in leading these games during the last summer, was in charge of the evening entertainment. 

He, with the aid of a group who were familiar with the games, taught the group several folk games which more will be added when everyone gets to be more proficient with them.

Three games included: "Granv Creek Corn," "Three Old Maid," "Brown Eyed Mary," "Aril Jil," and "Pow-Pow Polka." The games received much enthusiasm and the evening ended with dividing groups and each group furnishing a Charade or Pantomime.

On Saturday evening November 1st, a big sing was held at New Hall. Kenneth Kraft was in charge of the program and John (Frenchman) Holder led the music.

Again on Saturday, November 8th, another group of folk games were played under the direction of Professor Turner. Several more attended the last occasion than had attended the first and judging by the enthusiasm, all came who had a very enjoyable time.

C. M. A. NOTES

The Central Ministerial Association met in the church Tuesday evening, October 21.

The meeting was opened by group singing led by Geothe Junger.

After the business meeting, the devotional part of the meeting was opened by singing "Beneath the Crown of Jesus" by Miss Dorothy W. Seifert of Bloomington, Indiana. Miss Harner who used Romanas 831-22 as a basis for her talk.

Prof. Davis, speaker for the organization then spoke on the theme of prayer, using as his particular subject, "Why Pray?"

S. C. A. NOTES

The "Jourdoniers," as previously announced, were not able to be at B. C. A. Wednesday, October 31st. In their place the "Jubileequot; quartet came and presented a program in songs. They gained the full support of those attending as they were applauded when they left the platform.

Among the numbers that were sung those these were in the program: "Little Old Mill," "Father drowned in the River " "Slightly Like a Rose," "Swing Low, Sweet Chariot," "In the Good Old Summer Days," and "Ole McDonald Had a Farm.

"TheOD's" devotions were led by Miss Doris Brown and Miss Daley Perry at the piano.

Friday, November 15th, a freshman talent program was given. John Riter led to group singing after which the members of the girls' by a girls' duet, a girls' trio, and a men's quartet. These gave the devotions of the evening.

With mid-term exams in full swing, the four-year, the middle, and high spiritual to sit us on to our goals.

The program was of thirty minute duration. The program was in charge of Miss Mildred Hockerman. Devotions were given by Miss Wilma Horner. She used as her theme: Service to one's God and country.

This is a qualification of any Christian young man or woman. Regretfully, our students are too often the future plans of the S. C. A. committee.

Let us boost this program to the end that our students may be of concern to all who are sponsored by this organization. We can't let our organization get to a point which is the minimum to carry out its plan.

Thanksgiving is a great time. Let not it slip by unshared in so far as thanking God for every day's blessings.
TIME OUT
By Carl Leiter
It's so early in the season that it is possible for a fellow to appreciate the Cross Country spread as it should. We consider it how it would be to run every day. It is a fine working atmosphere, every day in running. In the end, every reason to keep in running condition we see that the work plays a part in this. So, we do it in the sense of fun, but we really don't appreciate the work the Cross Country puts in. It's a high moral in a petrified, no matter where it is found. Success athletic teams will raise morale other to death.
