THE LATEST
by Pennington

A young lady, once alont to brown. A young man, who was almost blue, edged in to save her. Grabbing her by the hair of her head he started toward shore, but upon gaining dry ground he was greatly surprised to find that he had nothing but a wig. Undoubtedly by this he pushed into the water and grabbed her by the arm. Upon gaining the shore all he had was a wooden arm. Still not willing to give up he rushed back into the water and grabbed her by the foot, but to his utter amazement he found she had a wooden leg. A confused look spread upon his face, then he waved his arms in the air and shouted to those about him, "Come on, men, she's as much of her as we can!"

This may sound trivial, but there is a deep hidden meaning in all of this. Now that exams are starting to face us, it is up to us to prepare for them and get as much as we can out of the subjects, for as one fellow said, "We are not fooling anyone but ourselves if we do not study for them."

HERO WORSHIP

Mother—Johnny, why don't you be a good boy?
Johnny—I will if you will give me a quarter.
Mother—Now Johnny, why don't you be good for nothing like your father?

THE DAWNING

An old Irishman upon becoming intoxicated wandered into a graveyard. Upon awakening the next morning he looked around in amazement, then exclaimed with joy: "Begor, resurrection day is here and I'm the first one up."

WISDOM

Bill—Gene, do you know how to talk to a woman?
Gene—Yes, first sit and then listen.

Pet upon walking through a graveyard came upon a tombstone which read as follows: "Not dead but sleeping."

A puzzled look came upon his face, then with a note of sarcasm he remarked, "Brother you're not fooling anyone but yourself."

SLOW MOTION

Two small boys were bragging one day about how fast they could run. The first little boy with a triumphant note in his voice told of the time he ran around the world so fast he met his coming back.

"Why that's nothing," explained the other lad, "the other day somebody shot at me and I heard the bullet twice—when it passed me and when I passed him."

DETOUR

A minister of the gospel arrived in a strange town. That evening he wanted to mail a letter, but did not know where he was. In the utmost confusion the minister wandered into a graveyard. Noticing a small boy standing on a street corner he asked him if he would point out the way. The little fellow told him the shortest way to go. But very quickly added, "But if you don't hurry up, you'll have to go around the town."

"Now if you will come to my church some day I will show you the way to heaven," "Go on," replied the little boy with a smile, "you don't even know the way to post office."

FAITHFUL

One night a group of people were giving the thanksgivings for a successful campaign. Several had been given when an old man arose up in the back row and said, "I have beaten my wife, stole chickens and used profane language, but there is one thing I haven't done—I haven't lost my religion."

A Word from Our President

It does not seem strange any more to have the unusual occur: It rather seems strange when things come in their regular order. Of course, Commencements come every year, but we have never had one as early as April 30, while the date for our Commencement this year. It also seems quite strange to have Baccalaureate as early as on April 25, and especially on Easter Sunday. Nor have we ever had the Baccalaureate and the College Lighted Service announced as they will be on Sunday evening, April 25, at 7:30 o'clock. Dr. D. H. Gilliatt will preach the sermon for student benefit.

The Board of Trustees will meet on Thursday, April 29, at 1:30 p.m. and continue all day Friday until Commencement time at 5:00 p.m. when President G. Spencer of Franklin College will deliver the address.

The Finance Committee, which will meet on Wednesday afternoon, and the Executive Committee, which meets Thursday morning at 9:00, will find the problems somewhat less difficult already because of the splendid success being achieved in the Victory Campaign.

The days of our Commencement period include so much of work and responsibility for me in the way of committees, reports, counselling, recommendations, and answering questions that it seems impossible for me to visit even a little bit with the many good friends with whom I have had to have at least a little chat. When Commencement is over, I remember those whom I saw but with whom I failed even to shake hands. While I am thinking about it now I am sure I shall take a little more time for a visit with the members of Trustees how they are appreciated and how wonderful it is of them to give their time and thought to the advancement of the college in these Board meetings. I surely won't miss telling the faculty members what their utmost efforts, loyalty, and devotion mean to the college and how much their personal friendship means to me. I wonder, too, if I won't have time to say a word to at least some of the students—their smiles always are encouraging. Then, of course, the alumni and friends will be on hand, too. Won't I get to speak to them? I am in favor of more young people to prepare for teaching and for other professional work. There are hundreds of girls who have made good records in high school and should come on to college this summer or fall. There is so much opportunity now for students to enter a large part of their expenses that many who could not come otherwise should plan to do so. Students who rank in the highest third of their high school classes and make at least average grades in college will receive scholarship benefits, besides their help in employment. Every pastor and alumnus should endeavor to enlist at least one good student for May 17, July 7, or September 6.

AIR CORPS

Several students were surprised and thrilled to find that the student who the screen in a local theater revealed that John Rider, Bill Rider, Fred Dugle and their friends were pilots of an all-out attack. They showed the same zeal and enthusiasm in the planning as he did on the battlefield. Sgt. Malcolm "Black" Ford, a former, set columnist for the Reflector, has been moved from Fort Leavenworth, Kansas, to Salt Lake City, Utah. While at Fort Leavenworth they received his warmest greetings. There are few exceptions from his colorful letters:

"We have the greatest variety of men I've seen. There are artists, professional musicians, children that play the piano, and even lambrains! They talk from all parts of the nation, which makes interest. Every one is about the same, differing only between the states and the section.

The easterners are over-confident, the great majority of them. I would like to know how all the others are. It's all different, depending on the section.

**Junior-Senior Banquet With Easter Decorations**

The Junior-Senior banquet was held in the Hunter’s Room of the Marriott Hotel at 6:45 P.M. on Saturday, April 30. The decorations were planned from an Easter angle. The programs were in the form of varied student choral groups having real Easter tails. The food was already sufficient, but then came real ice cream. At Alba, brown sugar, chocolate, gave us occasion for many a hearty laugh—his hostess was Feri Myer of Indiana University. Mrs. Myer was assisted by James Montgomery, son of Rev. W. R. Montgomery, of the Bishop College faculty. The Bishop College faculty included: Marcelle Callion extended the welcome and the senior president, Gordon Adams, responded. Elsie Harvey livered the address of the evening “The Ideals of Youth.” President Guard introduced his appreciation and thanks for the past year and benevolently admired the seniors.

She is obviously doing well; even the complications resulting from war transportation, she has been in attendance. The first representative was Helen Cub, of Otterbein College, Westerly, R. I., who attended both sessions serving New Afrikin. Chester Goodman from Bore本, Nebraska, of the National Student Christian Federation, was the second representative. He is preaching now in Oregon.

The newly organized student council was Vangh Learning, of York College. Mr. Leeming is now studying at the Seminary and represented are Shenandoah Institute at Dayton, Va., and Lebanon Valley at the New Alumni Society.

The newly organized L. G. C. Alumni Association at the Westmoreland Institute held its spring meeting at the Fort Wayne College, April 23rd, when a number of alumni were present. The organization is the result of a long discussion with the institution and the society is to be honored by the newly organized student council.

**NEW BOOKS**

More than 600 books have been added to the Library since the opening of the year, including many texts for the air cadets now with us.

The following are some of the most interesting of recent additions:

A Time for Greatness—H. Agar.

A discussion of America’s share in the world conflict. The Doctorafls—H. B. Clapp.

A talk by the Chief of the Eating Society on the International Sunday School Lessons for 1943.
