Project CROP 'Harvested' Overseas

The recent poster in Academic Hall concerning CROP indicated the most necessary and helpful need in the agricultural development of foreign countries. CROP is the Christian Rural Overseas Program. This program is intended to help underdeveloped farmers and rural communities. Farmers give to the program a portion of their harvest or a sum of money which is then sent to the program. The funds are given to the foreign organizations as those need, so that they may learn how to help themselves.

Dr. James Weber from Indiana Central College is helping with this drive. He assists by going to surrounding counties to show pictures and tell stories of CROP in action in European countries. By showing these pictures he assures the students that the farmers' money is reaching their intended goal and thus encourages farmers to give again.

Wilmore Hosts Confab

The third Dorm Confab of the year will be led by Mr. Tom Plemmons. Mr. Plemmons is a man with a varied background. He has received degrees in history of philosophy and in biochemistry. He is an active member of the faculty of the General Theological Seminary and the President of the Board of Directors of the Presbyterian Church, Indianapolis. This Confab will be held in the Wilmore Union Hall on Dec. 2 p.m. on Dec. 2. So, pack up your troubles, travel to Wilmore and have a confab!
**Editorial—**

Thanks Need: A Noun, Verb, Object

Writing an editorial presupposes that something has been left unsaid. But what has not been unsaid about school spirit, traffic safety or chapel attendance? For that matter what must there be to say about Thanksgiving?

Perhaps I could say: have fun over these holidays, enjoy them, do something unusual. They are, after all, a time of year when we all need some time to ourselves. But what has not been unsaid about school spirit, can I say that will not sound like a soapbox-speech or pulling thanks, I would lose my readers' interest at once. What on the campus absolutely valueless. This is a disturbing and case of concentrations of people here.

A fire alarm is designed to evacuate people from a building efficiently and as rapidly as possible.

Recently unnecessary alarms have gone off on the campus and often have been ignored, unheeded, or taken for granted. It's not so strange that many students find the practice of evacuating a dorm in the middle of the night annoying and void of all humor. What is more important is that the numerous false alarms have only produced contempt for all such future alarms.

Only two weeks ago an alarm was set off in Academic Hall about noon of the day that the Indiana Academy of Science was meeting here. Not one student left the cafeteria or even gave the alarm a second thought. However, several members of the academy left the building unnecessarily as a result of their sound common sense.

One night last week alarms went off in all the dormitories except Dalley. The girls, some coming from their area representatives reluctantly emptied their dorms as usual. However, no one left Wilmore Hall. One reason is that there is only one alarm and that on the first floor, but more important no one even paid attention to the alarm. In addition, no one over left Dalley Hall during a fire alarm at any time in the year. Several students always enter through them, but apparently most of those awakened didn't even care. No dorms need sound alerting systems more than Dalley and Wilmore. In case of a real fire a minute or two would make a great deal of difference.

Careless attitudes and a few students who have a strange sense of humor have rendered the present fire alarm system on campus absolutely valueless. This is a disturbing and dangerous situation especially since there are usually large concentrations of people here.

**Letters To The Editor**

Dear Editor,

Each year, a few schools receive the best college awarding support of World University Service. Selection is based on excellence in the following areas:

1. A high percentage of the student body
2. A significant increase in the percentage of students who are non-white
3. An exceptional educational program on WUS
4. The job of organizing with regard to WUS and the other programs

It is my pleasure to inform Miss Peggy Wright that Indiana Central College has been selected as one of the outstanding schools for the 1963-64 academic year through Miss Wright, as this year's WUS Chairman, I wish to present the enclosed award to the students and faculty of Indiana Central College who worked on, and supported, WUS last year. This award is but a token of the appreciation of the students and faculty who have been loyal through your support of WUS and to the organization and faculty at Indiana Central the appreciation of all of us who are involved.

Sincerely,

Douglass Grube Regional Executive

To the Reflector staff and the readers,

Is it going to be the policy of the Reflector to state clearly in every issue and to print news-worthy columns and articles that have been written by students or by the editor-to-be going to be answered not with facts but with statements that one has intelligence, let one show it. In my letter printed in the "Wednesday, Oct. 14" issue "to the editor" (there is no such date on which the letter was printed, but it appears on every page of that issue), I stated that girls should be allowed to vote in the Student Council. If a girl has been allowed in the women's dormitory through the Student Council, then she must be allowed in the Student Council, so I am glad to say that you have received at least one such letter. I agree. Also if one can read, he should.

I would also like to know about the persons of "any student" that are supposed on the Reflector staff. Apparently some can't tell the difference between students and faculty. In the same "Wednesday, Oct. 14," issue is spelled "cutting" in an ed.
Women's Sports

BY JUDY & JUDY

Indiana Central College women's first and last soccer game of the season was held on Sat. Nov. here at Central against the Franklin women. Georgia Heist and Janet Oates scored for ICC. Franklin got in the scoring column by making a penalty kick. The final score of the game was 1-0.

Basketball season starts off this year with Taylor Wagner at 2:00 at ICC. The first formal practice was Mon. Nov. 23, at 4:00 in the gym. All players did not attend this practice but are still interested in playing, contact Ms. St. Claire or anybody on the team.

Women's Intramurals will be held on Monday and Wednesday nights. There is no further information at the present time but keep this in mind. Because, gym sheets will be in the dorms shortly. One last reminder about basketball, we had a load out our organizational meeting but we are still not satisfied. The team plays for the enjoyment of the sport and experience, not necessary. Please consider coming out.

Velez Looks To Successful Season With Eight Returning Lettermen

(By Steve Maple)

This year, with a strong nucleus of eight returning lettermen, Coach Velez, director of Central's wrestling team on its winning ways.

Eight of whom compiled a strong nine and four record, adding Little State Championship honors to the same.- The latest is the first season for last in the conference sport. Coach Velez hopes that Central will become its first Champions. Dave Craves, Central's heaviest and best wrestler, being an outstanding round round, count out the team's goals for this year.

Running down the probable lineup, Brown's Wealth is quick to emphasize that these wrestlers would be hard pressed by others vying for their positions - we can hardly fail to see the abundance of talent.

Dave Palou, wrestling at either the 133 or 138 lb. class, lettermen last year. He has the quickest pin of 30 sec. recorded in a 2 1/2 year match. His own record of 13-3 was the team high.

Dave Craves, 6'5", 213 lbs. graduate and junior, will be in the 138 lb. class. Steve, a fine two-sport athlete, is expected to bolster the squad's championship drive.

Giving Steve a dogfight for the 133 lb. class will be Bruce Quinn who lettermen last year and could be a very pleasant surprise for Coach Velez. Last year's returning after a two year layoff, will wrestle at 138 lbs. to fill the position vacated by one of Central's all-time greats Cline-ton Woodson.

Dick Beason, while not having made the team as a Freshman, is expected to boost him on, will prove a strong candidate to improve on his already good record last year.

Coach Velez's watchful eye surveys this year's winning team at drill practice.

Nick Faces Big Rebuilding Job After Best Season

By JIM BRUNNER

After enjoying the most successful basketball season of his coaching career last year, Angus Nicol-son faces an almost complete rebuilding job this time around. He had anticipated the 1963-64 team to be as strong as last year's 26-3 contingent, which went to the NCAA semi-finals of the national tournament at Kansas City. But injuries and off-season losses of key players have cut his hopes up to this point.

To begin with, Nick lost Tom Moloney, the 6'6" All-American scorer in Greyhound history, starting center Jack Johnson, 6'3" Doug Purkey, guards Darrell Hoyt and Dave Huffman via the graduation route. Then, playmaker Hank Voss, an All-ICC choice in 1963-64, decided not to return for his senior year.

This means that one fourth of the team's starters and looks unimportant in the Conference, are hampered in centers, 6'3" and leading rebounder of the last two years, aggravated a back injury in practice.

The roof really fell in when star guard Dave Beason, a second team scorer last season, broke his leg in football; Jim Cunningham, a part-time starter, injured his knee playing intramural football, and senior Steve, a halfback with a top ranking in the Conference, compiled an 8-5 record and added to the loss last year Central's all-time greats Cleo Davis, Andy Niller, Charlie Niller. Coach hopes that Central will better this year's record. Out after first game, was lost because of injury. Scheib, a senior, ranked fifth in the Conference for total points. His record was 49 points for the nine season games.

Miller, also a senior, is attributed with nine scoring passes of this season.

Nick has been the team's best athlete, is expected to do even better this coming season.

Dick finished the season with a second-place finish in the Little State. This year, wrestling at 137 lbs., showed tremendous ability last year, though through part of the season he was hampered with an ankle injury. This year, having a recurrence, he could very possibly emerge top candidate for Little State honors.

John Greenlee, Seccia grad, wrestling at 167 lbs, will return this year with high hopes of bettering last year's record. He is expected to join last year's four Little State Champs and include first in the Conference. John expects considerable opposition, yet remains confident.

Dave Craves, Central's Most Valuable Wrestler last year as a sophomore, will return at the 177 lb. class. Dave compiled a sparkling 32-5 record and added a first place trophy at Little State Champs. Slightly disadvantaged at the 177 lb. last year (Graves joined his man in 38 sec., 50 in 50 sec.) Dave seeks to better his time this year.

Maurice Barnes, junior returning letterman at 131 lbs, finished last season in the second in the Little State. Maurice, as two-sport athlete, is expected to do even better this coming season.

Dick Cummings, Junior from Indianaapolis, will be returning to defend his Little State Crown in the heavyweight division. Dick, a slow starter last year, is expected to be one of the leading conference and state wrestlers.

Two freshmen were especially singled out by Coach Velez. Mike Nations will wrestle at 115 lbs. The first time Central has had anyone in this weight class, and Dave Blachter, wrestling at 177 lbs, could prove a tough opponent in the Conference, compiling an outstanding record at Southport including a third and a second in the state meet.

Sih-hhi-hi as the constant sound the group moved stealthily across the lawn and formed a circle before the front door.

"We're on the phone" passed rap- idly around the circle as the con- spirators peered through the win- dows. Following a muttered, "Here he comes," the students flung their heartfelt, if perfectly pitched "Happy Birthday," into the crisp night air.

After placing a cake and a large card signed by the group to their dorms. A small band which did not return to the dorms, pro- ceeded with a previously con- cealed kidnap.

Arriving at the Teo Fee apartment, they whisked and whispered, the captors led their dignified prize into the small apartment.

Thus seated at the head of a table of fifteen seniors, President R. D. Steffes of Indiana Central College cele- brated his birthday with a plate of pumpkin pie and a Coke.
