Central Arts Chorale
to premiere in Rensburg

The Central Arts Chorale, under the direction of Indiana Central choir director Mr. Elise Marshall, will present their premiere concert Monday, November 30 at 8:30 p.m. in the auditorium on the Indiana Central College campus.

The chorale is made up of present Indiana Central singers and professional singers. Included in the selection will be music by Bach, Brahms, Reger, Poulenc, Barber and Fine. Boyce Tinkle, a student at ECI will be the pianist and instructor. A 1972 graduate of Indiana Central will be the cellist.

Tickets are $2.00 for adults and $1.00 for students. For further information call 278-6301, extension 255.

APO Blood drive results

Again this year, the blood drive was sponsored by Alpha Phi Omega. There were a total of 175 volunteers and 88 pints accepted. This represents 13 per cent of the student body. That statistic alone shows that Central is not a do nothing school.

Last year, the class of '75 gave more than any other. This year the class of '78 just beat them. Special thanks is given to Mom Bruce for getting the Fraternity girls over to the drive.

Each student who gave will get a donor's I.D. card telling his blood type, blood pressure, and other relevant data. It's almost like getting a free blood test—only better. Any student who has a question or who has not received his donor's card should drop a line to Greg Crawford, campus mail. Thanks from Alpha Phi Omega to all who helped us.

Central Council: 1

Recapping the season shows the Hounds with a very glossy record. They stood at 9-11-2 in dual meet competition. In big meets the team finished first at the Terre Haute Regional. The Hounds are second in the Eastham Invitational and third at the Marion Invitational. The Hounds record their highest Big Ten finish ever at Purdue on October 27, taking sixth in the Big Ten and seventh in the Little Lake, only 10 points behind team champion Vincent.

The entire student body and administration should indeed be proud of this team and their Coach. They have given Indiana Central the glow of a conference championship and the Greyhound reputation will certainly long be feared and respected in the sport of cross country.
Whippets mean business

If you complain that there isn't anything interesting to do on our campus you must be misinformed. If you have an hour or two during the week or on the weekend, and want some real excitement with a little beauty thrown in, go to a Whippet athletic event. The Whippets are the women athletes who represent our school. They participate in such sports as field hockey, volleyball, basketball, softball, and track. And if you think the women are out there just for some laughs, you're dead wrong. They play to win, and I mean they play. Believe it or not, I can tell you that if you go to one game you'll be hooked. Last week, for example, the Whippets finished out a winning season in field hockey. If you remember last year's varsity football and basketball victories over Butler, think about the fact that this year the Whippet field hockey team has only losses.

This weekend the Whippets begin their volleyball season. Why not begin it with them. Show them you care. They do.

UN-CONVENTION FOR EDUCATION

Dropped in on a discussion group at the UN-CONVENTION held Thursday by the Indiana Coalition for Educational Reform. The group consisted of about a dozen women who were mothers, teachers, and interested parents. We discussed sexism in our schools.

Maybe that should be rephrased sexism in our education, as one pointed out many adults have problems relating to an infant until its sex has been revealed. We are conditioned to react to and treat differently to the pink or blue clad bada.

One of the biggest areas of sexism is children's literature. The crippling lack and Jane stories that have warped so many young lives into believing boys are tough and girls just stand and watch, only in the past year or two has there been any conscious effort to eliminate the unnecessary role playing of textbook characters.

More junior high schools have been offering shop and home ec. classes to both girls and boys. Just recently varsity sports have started to appear in the sadly neglected realm of girls' sports. In the high schools, counselors have been using snapper talk about the options they offer to girls. Too often the projected career is selected on a basis of its intrigue as much as its practicality in being adaptable to the needs of a home and family.

Two goals can be drawn up from this discussion. The first being to eliminate the stereotyped roles that our children are taught everyday whether it be in the reading materials at school or the opinions from the nice man waiting in line behind you. For those interested in creating a new horizon there is a new day care center starting up that needs volunteers, teachers as well as children. Call me at 727-5800 for more info.

The second goal is for those of us who can't reshape our childhood. We must struggle with ourselves and learn to accept, not reject. It means rejecting twenty years of conditioning; but it may mean fifty years of sanity.

-Barb Yerk

Religious Emphasis Days to be November 15-17

Full Semester Religious Emphasis Days will be Wednesday through Friday, November 15-17. Our focus will be on the development of students physically, emotionally, and spiritually. The three days will be an exciting celebration of the “threes” that shape our lives.

First, the theme of the days is to further the educational experience of our students. We believe that the arts are an integral part of education and that we should provide students with an opportunity to explore and express themselves through art. We will be offering a variety of workshops and events that will allow students to develop their skills in areas such as photography, music, and drama.

Second, the theme of the days is to promote social justice and global citizenship. We believe that our students have a responsibility to think critically about the world around them and to take action to make a positive difference. We will be hosting a series of events that will allow students to engage with social justice issues and to learn about the experiences of people from different cultures and backgrounds.

Third, the theme of the days is to celebrate the diversity of our campus community. We believe that our students come from a wide range of backgrounds and that we should create an inclusive and welcoming environment for all students. We will be hosting a number of events that will allow students to celebrate their identities and to learn from one another.

-Jethro Tull

Living in the Past

Living in the Past: Jethro Tull's New Full Album Great! "Boy, I just love his jugle," an enthusiastic music fan was heard last week. "That's gotta be the music." "What?" "Jethro Tull is a thug!"

For Tull fans, a new album is a welcome addition to their collection. Tull is known for their complex and experimental music, which often incorporates elements of rock, folk, and classical music.

The album features Tull's signature blend of guitar, bass, and drums, with occasional contributions from other instruments such as piano, keyboards, and horns. The sound is intricate and layered, with intricate arrangements that feature multiple lead vocalists and complex harmonies.

The album kicks off with the title track, "Living in the Past," which sets the tone for the rest of the album. The song is a driving rock tune with a strong rhythm section and cleverly crafted lead guitar work.

Other standout tracks include "Sailor," with its fast-paced rhythm and catchy melody, and "Train of Gold," which features Tull's characteristic intricate arrangement and use of multiple voices.

Overall, the album is a great addition to Tull's impressive discography. If you're a fan of their music, you won't want to miss out on this new release.

Volleyball to begin

Field hockey has ended but volleyball practices have just begun. In case you’ve forgotten, the hockey team compiled a 3 win 4 loss record for the ’71 season. Even though the girls have been practicing volleyball for only one week the season’s prospects are promising.

Practices began last Monday with a record 30 Central women competing for spots on the Varsity and Junior-Varsity Squads. Conditions are under way with all concerned shaping up well.

One especially promising aspect of the prospective Whippet girls is height. Granted, being tall isn’t essential in playing a good game of volleyball, but it sure helps a lot! Also this year’s turn out is unusually adept at setting and spiking. When you get down to it, with the combination of the enthusiastic freshmen and experienced returning varsity players, the year’s squad could be UNBEATABLE!!

Competition begins this Thursday when the Whippets travel to Beech Grove for a pre-season warm-up match. The remainder of the ’72 schedule is as follows:

Thursday, Nov. 9, Beech Grove, There, 6:00 p.m.; Saturday, Nov. 11, Playday at Central Hanover, Marion, Taylor Franklin, (ICC), Here, 9:00 a.m.; Thursday, Nov. 16, Manchester, There, 5:30 p.m.; Saturday, Nov. 18, Playday at Butler (Marion, Greentown, Butler, Indiana Central), There, 10:00 a.m.; Monday, Nov. 20, Marian, There, 7:00 p.m.; Saturday, Dec. 9, Playday-Anderson (Anderson, ICC, Franklin Marion, Huntington, Manchester), There, 9:00 a.m.

Turn out and support the Whippets in their home matches. Remember, this is a WHIPPET WINNING YEAR!!!

The Greyhounds dominated at midfield in the third quarter. Dazzling freshman quarterback Rod Pawlik gave fire to the Greyhound offense which ran for 231 yards on 33 carries. A six yard touchdown pass by Joe’s tactics enabled the Hounds to score the go-ahead 7-0 with 12:45 left to go.

DePauw got the ball but couldn’t move it and was forced to punt. Central took over on their own 38 yard line.
